Role Playing Materials Rafael Bienia 2016-04-11 Die Dissertation Role Playing Materials untersucht die materielle Seite von Larp, Mixed Reality und Pen'n'Paper Rollenspielen. Wie kooperieren Gewandung, Virtuelle-Realität-Brille, oder ein Bleistift mit Erzählung und Spielregeln? Neben Antworten auf diese Frage versucht das Buch das Verständnis von Rollenspiel als eine Handlung zu erweitern, die nicht nur von Menschen geprägt wird. Role Playing Materials examines how larp, mixed and tabletop role-playing games work. Costumes, computers, pen and paper are not passive elements. Materials change and are changed during role-playing game sessions, because they work together with narrative and ludic elements. If we think about materials as social elements, how do they make role-playing games work? To answer this question, Role Playing Materials draws on ethnographic fieldwork among role-playing communities in Germany. The analysis draws upon the fields of game studies, and science, technology and society studies.

Magnificently decorated shields were as much a defensive necessity as a symbol of social status. Equally, decorative symbols on shields and armour defined the collective ideals and the self-conceived important of the village or city-state its warriors represented.Such items were therefore of great significance to the wearers, and the authors of this astounding detailed and extensively research book, have brought together years of research and the latest archaeological discoveries, to produce a work of undeniable importance.Shining Under the Eagles is richly decorated throughout, and as well as battlefield armour, details the tournament and parade armour from Rome's the

Athletico Mince Bob Mortimer 2017-01 In the first book inspired by their wildly popular podcast, Bob Mortimer and Andy Dawson have tried their hardest to produce an authoritative guide to the past, present and future world of football. But, as in the podcast, they tend to get a bit side-tracked - as well as bringing you some (fairly) genuine football facts 'n' stats, Bob and Andy get waylaid with speculation about the lifestyle of baked bean-loving, yellow snake-owning former England boss Steve McClaren. There's also input from the Secret Soccer Superstar - a former player who lifts the lid on what it's really like to be a top, top pro. In keeping with the occasional non-football vibe of the podcast, there's also lifestyle hacks, domestic appliance tips and meat advice, as well as Bob and Andy's fact-files on each other and a definitive guide to lifting up celebrities.In summary, it's a bit of a mess. BUT, it's a beautiful, glorious, hilarious mess... and if you're not reduced to at least one convulsion while reading it, Bob and Andy are going to be very disappointed with you indeed. In fact, they might come round to your house and force you to KISS THE ALDERMAN!

I Am Smoke Henry Herz 2021-09-14 "Wowww!"— Raina Telgemeier, #1 NY Times, #1 USA Today, #1 Publishers Weekly bestselling author/illustrator "Herz presents a provocative and unique look at the lifecycle and benefits of smoke throughout the millennia. Lopez's multimedia artwork further illuminates the ethereal nature of smoke as it drifts and dances across the page."- John Rocco, NY Times Bestselling author and Caldecott Honoree "A fascinating, refreshing, and beautifully atmospheric take on something often taken for granted. I'll never look at smoke the same way again!"- Matthew Cordell, Caldecott Medalist author/illustrator "I Am Smoke is an absolutely beautiful book, where smoke is both poetry and science. Readers will rest, float, and dance along with smoke's quiet power across time and traditions. I have lingered over its pages more than once, and I'm sure young readers will, too."- NY Times Bestselling author Doreen Cronin Smoke itself acts as narrator, telling us how it has served humankind since prehistoric times in signaling, beekeeping, curing and flavoring food, religious rites, fumigating insects, and myriad other ways. Smoke speaks in mesmerizing riddles: "I lack a mouth, but I can speak... I lack hands, but I can push out unwanted guests... I'm gentler than a feather, but I can cause harm...". This rhythmically powerful narration is complemented by illustrations in which swirling smoke was captured on art paper held over smoky candle flames, and the dancing smoke textures were then deepened and elaborated with watercolors and Photoshop finishes. With this unique method, Merce López "let the smoke decide how the idea I had in mind would dance with it, giving freedom to the images." The resulting illustrations are astounding, and they resonate with the otherworldly text.
