Ozma of Oz L. Frank Baum,2022-11-22 Ozma of Oz is the book in Frank Baum's Oz book series. It records the adventures of Oz with Dorothy Gale of Kansas, the Yellow Hen, the

Scarecrow, the Tin Woodman, Tiktok, the Cowardly Lion and the Hungry Tiger; and other characters. It is the first Oz narrative in which the majority of the events occur outside of Oz. Only the final two chapters are set in Oz. This conveys a slight change in theme: in the first book, Oz is the perilous land through which Dorothy must make her way back to Kansas; in the third, Oz is the book's conclusion and goal. Dorothy's wish to return home is not as strong as it was in the first book, and it is her uncle's need for her rather than her own that compels her to do so.

**Instructions for His Generals** Frederick the Great, Thomas R. Phillips, 2012-02-29 The king of Prussia from 1740 to 1786, Frederick the Great ranks among eighteenth-century Europe's most enlightened rulers. In addition to abolishing serfdom in his domains and promoting religious tolerance, he was an ardent patron of the arts and an accomplished musician. Diplomacy without arms, he observed, is like music without instruments. Frederick's expertise at military matters is reflected in his successful defense of his territory during the Seven Years' War, in which he fought all the great powers of Europe. His brilliant theories on strategy, tactics, and discipline are all explained in this vital text. War is not an

affair of chance, Frederick asserted, adding that a great deal of knowledge, study, and meditation is necessary to conduct it well. In this book, he presents the fundamentals of warfare, discussing such timeless considerations as leadership qualities, the value of surprise, and ways to conquer an enemy who possesses superior forces. The soundness of his advice was endorsed by Napoleon himself, who once advised, Read and re-read the campaigns of Alexander, Hannibal, Caesar . . . and Frederick. This is the only way to become a great captain and to master the secrets of the art of war.

**The Life of Frederick the Great** Thomas Carlyle, 1909

*Napoleon and Hitler* Desmond Seward, 2013-06-25 Napoleon Bonaparte and Adolf Hitler were two of history's greatest dictators. In this ground-breaking study, Desmond Seward finds striking parallels between their careers and their roles in shaping the destiny of modern Europe. He also shows how Carl von Clausewitz's classic treatise *On War* - a penetrating analysis of the Napoleonic campaigns read and re-read by Hitler- provides a crucial link between the two men. Napoleon and Hitler demonstrates in an entirely new way how history can repeat itself - and gives new and unexpected insights into these two terrible giants of modern times. A careful study, clearly written, easy to read. He takes us through the careers of both men in turn, side by side, noting the similarities as he goes along. I am reminded of Plutarch's 'parallel lives' of the great Greeks and Romans... His interesting book deserves to be read both by those who would 'demonise' Hitler and those who are dazzled by Napoleon. Hugh Trevor-Roper - Sunday Telegraph 'Desmond Seward is right to draw attention to their similarities, and to their differences. We should study both: both are among the possibilities inherent in our civilisation.' Independent 'Solid historical

biography with a compelling historical slant.' Booklist 'A clever and cohesive look at megalomania in action.' Kirkus Review
