Nordic Larp ,2010

The Wargaming Compendium Henry Hyde,2013-08-19

An extensive reference guide to the exciting hobby, for beginners as well as longtime players. Wargaming is a fascinating, engrossing, and exciting pastime that encompasses a wide range of different talents. The average wargamer uses the skills of artist, designer, sculptor, illustrator, historian, librarian, researcher, mathematician, and creative writer, as well as the more obvious ones of general, admiral, or air marshal for large games, or perhaps lieutenant, commodore, or squadron leader for skirmishes. Aside from calling upon many skills, wargaming also covers many aspects of combat, spanning the history of Earth. With science fiction gaming, we plunge into imagined worlds many thousands of years into the future, and a fantasy gamer, of course, deals with eons of imagined history, as anyone who has read The Lord of the Rings will know. A wargamer may find themselves recreating an encounter between a handful of adversaries one day, or a massed battle involving perhaps hundreds of miniature troops the next. Moreover, it is possible to play wargames that recreate warfare on land, on sea, in the air, or even in outer space. This book demonstrates the wonderfully varied hobby of wargaming with miniatures, looking at the broad scope of what it has to offer as well as detailed explanations of how to get involved, including comprehensive rules for gladiator combat, Wild West skirmishes, and the horse and musket era, as well as lots of advice for anyone new to wargaming. Whether you're

a complete newcomer to the hobby, or a veteran of many years, you'll find plenty in The Wargaming Compendium to entertain and inspire you.

The Final Reflection John M. Ford,1999 Klingon Capt. Krenn is a ruthless war strategist. But on a mission to Earth, Krenn learns a lesson in peace when his empire hatches a covert plan to shatter the Federation. Only Krenn can prevent a war--at the risk of his own life!

Space Cadet Robert A. Heinlein,2007-04-01 This is the seminal novel of a young man's education as a member of an elite, paternalistic non-military organization of leaders dedicated to preserving human civilization, the Solar Patrol, a provocative parallel to Heinlein's famous later novel, *Starship Troopers* (which is about the military). Only the best and brightest--the strongest and the most courageous--ever manage to become Space Cadets, at the Space Academy. They are in training to become part of the elite guard of the solar system, accepting missions others fear, taking risks no others dare, and upholding the peace of the solar system for the benefit of all. But before Matt Dodson can earn his rightful place in the ranks, his mettle is to be tested in the most severe and extraordinary ways--ways that change him forever, from the midwestern American boy into a man of the Solar Patrol. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Imperial Infantryman's Handbook Graham McNeill,2020-09-29 The ultimate introduction to life as an Imperial Guardsman! Welcome to the

Astra Militarum, Guardsman! You don't know it yet, but this book is your new best friend. In its pages, you'll find everything you need to know in order to defeat mankind's enemies and prove yourself worthy of being a trooper in the Imperial Guard. It'll teach you how to march, how to shoot, how to maintain your weapons (and how to request replacements if you misplace yours), and much more. Learn the prayers and benedictions that will protect you from your foes, and how to best kill each of the Imperium's enemies with minimum effort. It's the essential guide for every Guardsman. CONTENTS Imperial Munitorum Manual Imperial Infantryman's Uplifting Primer The Benedictions of the Emperor

Sonic Warfare Steve Goodman, 2012-08-17 An exploration of the production, transmission, and mutation of affective tonality—when sound helps produce a bad vibe. Sound can be deployed to produce discomfort, express a threat, or create an ambience of fear or dread—to produce a bad vibe. Sonic weapons of this sort include the “psychoacoustic correction” aimed at Panama strongman Manuel Noriega by the U.S. Army and at the Branch Davidians in Waco by the FBI, sonic booms (or “sound bombs”) over the Gaza Strip, and high-frequency rat repellants used against teenagers in malls. At the same time, artists and musicians generate intense frequencies in the search for new aesthetic experiences and new ways of mobilizing bodies in rhythm. In *Sonic Warfare*, Steve Goodman explores these uses of acoustic force and how they affect populations. Traversing philosophy, science, fiction, aesthetics, and

popular culture, he maps a (dis)continuum of vibrational force, encompassing police and military research into acoustic means of crowd control, the corporate deployment of sonic branding, and the intense sonic encounters of sound art and music culture. Goodman concludes with speculations on the not yet heard—the concept of unsound, which relates to both the peripheries of auditory perception and the unactualized nexus of rhythms and frequencies within audible bandwidths.

The Last Great Cavalry Charge Joe Robinson, Janet Robinson, Francis Hendriks, 2017-05-03 The Battle of the Silver Helmets was an engagement orchestrated according to the previous successes of the cavalry of Frederick the Great. It was staged so that the magnificently equipped and trained German Fourth Cavalry Division would charge into glory, sabres rattling; instead, 24 German officers, 468 men, and 843 horses were lost during the eight separate charges conducted that day. The entire right wing of the Imperial German Army consisted of only nine cavalry brigades in the Schlieffen Plan, and in the battle of 12 August 1914, two of these brigades were catastrophically beaten. This battle has not yet been explored in the English language because it took place before the British Expeditionary Force (BEF) landed in the Channel ports and well before any American involvement. British historians have also generally focused on Germany's efforts to enter Belgium through the forts at Liège, which are east of Halen. However, the Battle of the Silver Helmets so impacted century-old cavalry tradition that large-scale

charges would never again be attempted on the Western Front. Thoroughly researched and hugely revelatory, *The Last Great Cavalry Charge* is a blow-by-blow account of the moment that the cavalry went from a prestigious, pivotal role in German Army tactics to obsolescence in the face of newly mechanised infantry. It provides essential and moving insight into the wider socio-cultural repercussions of technical military innovations in the First World War.

The Ghost Pirates (Horror Classic) William Hope Hodgson, 2023-12-26 This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. Jessop is the only survivor of the final voyage of the *Mortzestus*, rescued from drowning by the crew of the passing *Sangier*. He begins to recount how he came to be aboard the ill-fated *Mortzestus*, the rumors surrounding the vessel and the unusual events that rapidly increase in both frequency and severity. He describes his confusion and uncertainty about what he believes he has seen, at times fearing for his own sanity.

The Outcast Dead Graham McNeil, 2011-10-25 Action and espionage comes to the Horus Heresy via one of the best selling authors from the Black Library When an astropath has a vision about the end of the heresy, it falls to a group of renegade traitors to get him off Terra

Science Fiction and Fantasy Artists of the Twentieth Century Jane Frank, 2013-10-15 This biographical dictionary presents full information on 400 artists whose influence and illustrative contributions to the fields of science fiction and

fantasy literature helped define the 20th century as the Science Fiction Century and helped established science fiction and fantasy as unique and identifiable genres. In addition to providing inclusive biographical data on venerable artists from Chris Achilleos to John Michael Zeleznik, each entry also includes a bibliographic listing of each artist's published work in the genre.

The Protestant Bible Correctly Translated

William Harwood, 2017-07-21 There has long been a need for a translation of the Judaeo-Christian Bible that did not deliberately mistranslate certain words and sentences for the purpose of concealing that the biblical authors' beliefs were quite different from those of modern Jews, Christians and Muslims. For example, The LORD is a falsification of the proper name Yahweh, a god like Zeus or Jupiter. But the most blatant fraud has been the rendering of the Hebrew word allahiym as the male proper name, God. Allahiym is neither a proper name nor singular nor unisexual. Al means a god. The suffix -ah is a feminine singular inflection, so that allah means goddess. The suffix -iym is a masculine plural inflection, making allahiym a dual-sex, generic plural, male and female gods, or, in the common gender, gods. This translation corrects such falsifications. For extra copies contact: www.worldaudience.org

Return from the Dead David Stuart Davies, 2004

Beware, the Dead are coming back! This is a unique and fascinating collection of early mummy stories that helped to establish the chilling concept of the Dead returning to life as a potent sub-genre of horror fiction. The main feature on the mummy

bill, 'The Jewel of the Seven Stars' by Bram Stoker, is generally regarded as his best work after Dracula. A weird mixture of adventure, the supernatural and science fiction is found in Jane Webb's 'The Mummy', a tale written in 1827 but set in 2126. 'Some Words with a Mummy' is by the great horror writer Edgar Allen Poe. Arthur Conan Doyle's 'The Ring of Thoth' is the classic mummy tale and was the basis for the 1932 movie 'The Mummy' starring Boris Karloff and, indeed most mummy films ever since. 'Lot 249', another Doyle chiller, completes this collection, which is guaranteed to entertain and possibly prompt a nightmare.

Revolutionaries at Sony Reiji Asakura,2000 This is the story of Ken Kutaragi and how he gathered a team of colleagues and used corporate resources to bring his dream to fruition. It examines his passion for a change in technology, his work to sell the concept and how he kept the project alive.

Eurogames Stewart Woods,2012-08-16 While board games can appear almost primitive in the digital age, eurogames--also known as German-style board games--have increased in popularity nearly concurrently with the rise of video games. Eurogames have simple rules and short playing times and emphasize strategy over luck and conflict. This book examines the form of eurogames, the hobbyist culture that surrounds them, and the way that hobbyists experience the play of such games. It chronicles the evolution of tabletop hobby gaming and explores why hobbyists play them, how players balance competitive play

with the demands of an intimate social gathering, and to what extent the social context of the game encounter shapes the playing experience. Combining history, cultural studies, leisure studies, ludology, and play theory, this innovative work highlights a popular alternative trend in the gaming community.

How to Pass OSCP Series: Windows Privilege Escalation Step-By-Step Guide Alan Wang, 2020-11-13
This book is the first of a series of How To Pass OSCP books and focus on techniques used in Windows Privilege Escalation. This is a step-by-step guide that walks you through the whole process of how to escalate privilege in Windows environment using many common techniques. We start by gathering as much information about the target as possible either manually or using automated scripts. Next, we search for misconfigured services or scheduled tasks, insufficient file permission on binaries or services, vulnerable kernel, vulnerable software running with high privileges, sensitive information stored on local files, credential saved in the memory, registry settings that always elevate privileges before executing a binary, hard-coded credential contained in the application configuration files, and many more. Table of Contents Introduction Section One: Windows Configuration Chapter 1: AlwaysInstallElevated Section Two: Domain Controller Chapter 2: Zerologon Section Three: Windows Service Chapter 3: Service - Insecure File Permission Chapter 4: Service - Unquoted Path Chapter 5: Service - Bin Path Chapter 6: Service - Registry Chapter 7: Service - DLL Hijacking Section Four: Scheduled

Tasks Chapter 8: Scheduled Tasks Section Five:
Windows Registry Chapter 9: Autorun Chapter 10:
Startup Applications Section Six: Windows Kernel
Chapter 11: Kernel - EternalBlue Chapter 12:
Kernel - MS15-051 Chapter 13: Kernel - MS14-058
Section Seven: Potato Exploits Chapter 14: Juicy
Potato Chapter 15: Rogue Potato Section Eight:
Password Mining Chapter 16: Password Mining -
Memory Chapter 17: Password Mining - Registry
Chapter 18: Password Mining - SiteList Chapter 19:
Password Mining - Unattended Chapter 20: Password
Mining - Web.config Section Nine: UAC Bypass
Chapter 21: User Account Control Bypass For more

The World According to Philip K. Dick A.
Dunst, S. Schlensag, 2015-01-01 As the first essay
collection dedicated to Philip K. Dick in two
decades, this volume breaks new ground in science
fiction scholarship and brings innovative critical
perspectives to the study of one of the twentieth
century's most influential authors.

Solo-wargaming Donald F. Featherstone, 1973

Fortress Frontier Myke Cole, 2013 An officer. An
outcast. A fight for survival. The Great
Reawakening did not come quietly. Suddenly people
from all corners of the globe began to develop
terrifying powers. Overnight the rules had
changed... but not for everyone. *Fortress Frontier*
is the second chilling thriller in Myke Cole's
Shadow Ops trilogy, perfect for fans of Peter V.
Brett and Brandon Sanderson. 'I suspect this is
the best ride that military fantasy has to offer -
you definitely will want to get on board' - Mark

Lawrence, author of *King of Thorns* Alan Bookbinder might be a Colonel in the US Army, but in his heart he knows he's just a desk jockey, a clerk with a silver eagle on his jacket. But one morning he is woken by a terrible nightmare and overcome by an ominous drowning sensation. Something is very, very wrong. Forced into working for the Supernatural Operations Corps in a new and dangerous world, Bookbinder's only hope of finding a way back to his family will mean teaming up with former SOC operator and public enemy number one: Oscar Britton. They will have to put everything on the line if they are to save thousands of soldiers trapped inside a frontier fortress on the brink of destruction, and show the people back home the stark realities of a war that threatens to wipe out everything they're trying to protect. What readers are saying about *Fortress Frontier*: 'An excellent mix of military drama, sci-fi, adventure and mystical mayhem all rolled into one' 'Grips you from the beginning, and the fast pace doesn't let up. A great continuation' 'The action really races with surprising twists and turns'

Computer Gaming World's Why Won't This #@ \$! Game Work Denny Atkin, Terry Coleman, 1997 PC Gaming: Computer Gaming World's Instant Expert Guide covers everything new game players need to know, such as game genres, terminology, ratings, and new technology, as well as hardware needs, accessories, and how to troubleshoot the most common problems. The free CD includes hot game demos, such as *Quake*, *Star Trek Generations* and *Command & Conquer Red Alert*, which are attractive to avid players, but will also serve as a try-

before-you-buy sampler for new gamers.
