Midnight Blue-Light Special Seanan

McGuire,2013-03-05 The second book in New York Times-bestselling Seanan McGuire's witty urban fantasy InCryptid series about a family of cryptozoologists who act as a buffer between humans and the magical creatures living in secret around us. The only thing more fun than an October Daye book is an InCryptid book. –Charlaine Harris, #1 New York Times-bestselling author of Sookie Stackhouse series Normal, adjective: Conforming to the standard or common type. See also ordinary. Abnormal, adjective: Deviating from the common type, such as playing monster-human on the rooftops of Manhattan. See also Verity Price. The Price family has spent generations studying the monsters of the world, working to protect them from humanity—and to protect humanity from them. Verity Price is just trying to do her job, keeping the native cryptid population of Manhattan from getting into trouble, and doing a little ballroom dancing on the side. Enter Dominic De Luca, an operative for the Covenant of St. George, and Verity's on-again, off-again boyfriend. When he tells her that the Covenant is sending a full team to assess how ready the city is for a purge, Verity finds herself between a rock and a hard place. Stay, and risk her almost-certain death, or flee, and leave the cryptids of New York with nothing between them and the Covenant. With allies

and enemies on every side, and no safe way to turn, it's going to take some quickstepping for Verity to waltz out of this one. There's just one question on everyone's mind: Is this the last dance for Verity Price?

1636: The Devil's Opera Eric Flint, David Carrico, 2013-09-16 A new addition to the multiple New York Times best-selling Ring of Fire series. After carving a place for itself in war-torn 17th century Europe, citizens of the modern town of Grantville, West Virginia take on a murderous conspiracy of operatic proportions in Magdeburg, the capital of the United States of Europe. New York Times Best Selling Series Eric Flint and David Carrico serve up the latest entry in the best-selling alternate history saga of them all, the Ring of Fire! It is the year 1636. The United States of Europe, the new nation formed by an alliance between the Swedish king Gustavus Adolphus and the West Virginians hurled back in time by a cosmic accident, is on the verge of civil war. His brain injured in the war with Poland, the USE's emperor Gustavus Adolphus is no longer in command. Enter Swedish chancellor Oxenstierna, a leader of aristocratic reaction against democracy. His goal: to assemble the forces of the hidebound ruling class in Berlin and drown the revolution in a bloodbath. In Magdeburg, the capital of the USE, Mike Stearns' wife Rebecca Abrabanel is organizing popular resistance to Oxenstierna's plot. As part of the resistance, the American musician Marla Linder and her company of down-time musical partners are staging an opera that will celebrate the struggle against

oppression. Princess Kristina, the heir to the USE's throne, is now residing in Magdeburg and is giving them her support and encouragement. But another plot is underway--this one right in the heart of the capital itself, and with murder as its method. The only people standing in the way are a crippled boy and the boxing champion who befriended him, and an unlikely pair of policemen. Can the American detective Byron Chieske and his down-timer partner Gotthilf Hoch thwart the killers before they succeed in their goal? At the publisher's request, this title is sold without DRM (Digital Rights Management). _This alternate history series is a landmark Booklist [Eric] Flint's 1632 universe seems to be inspiring a whole new crop of gifted alternate historians. Booklist _reads like a technothriller set in the age of the Medicis Publishers Weekly

After escaping secret government cells and destroying a Miami landmark, Sylvie's trying to lay low—something that gets easier when a magical force starts taking out her enemies. But these magical attacks are a risk to bystanders, and Sylvie can't let that slide. When the war between the government and the magical world threatens the three people closest to her—her assistant, her sister, and her lover—Sylvie has no choice but to get involved with hidden powers bent on shaping the world to their liking. The Sjöfn Academy Samantha Sabian, 2013-08 The Ha'kan, an all-female race that reveres sexuality and views monogamy as unnatural, have been at war with the Tavinter for centuries. Queen Halla seeks to end this long-term dispute with the nomadic forest people by extending a unique offer to the Tavinter Chieftain. She invites his daughter, Skye, to attend the most prestigious school in all of Arianthem: the Sjöfn Academy. Skye accepts the invitation and sets out with determination and trepidation. She does not know what to expect, for the Queen's own daughter, Dallan, is but a few years older than her and will serve as her mentor at the Academy. Skye has only to meet the laughing dark eyes of the princess once before she realizes she is going to get far more of an education than she ever dreamed possible.

The Dragon's Lover Arianthem Press, Samantha Sabian, 2012-12 Dragons are a lusty lot known for grinding their lovers into dust. Talan'alaith'illaria is no exception and has found no man or woman her match or equal in a thousand years. That changes when Raine, the sole survivor of two mythic races, stumbles across the ancient dragon queen in her lair. Raine possesses her father's strength and her mother's passion, and the combination ignites the dragon's desire to an inferno. Talan, greatest of the twelve ancients, at last finds her perfect lover. Their domestic bliss does not last long, however, as events conspire against their peace. The Hyr'rok'kin, monstrous demons of the underworld, are spewing

forth from the Empty Land. Raine is called to join a band of humans, elves, and dwarves in a quest to stop the invasion. She fears no enemy, no injury, not even death itself. But something is waiting at the Gates of Hel, something that seeks to separate Raine from the dragon she is bound to for all of time.
