No Exit from Pakistan Daniel S. Markey,2013-10-07 This book tells the story of the tragic and often tormented relationship between the United States and Pakistan. Pakistan's internal troubles have already threatened U.S. security and international peace, and Pakistan's rapidly growing population, nuclear arsenal, and relationships with China and India will continue to force it upon America's geostrategic map in new and important ways over the coming decades. This book explores the main trends in Pakistani society that will help determine its future; traces the wellsprings of Pakistani anti-American sentiment through the history of U.S.-Pakistan relations from 1947 to 2001; assesses how Washington made and implemented policies regarding Pakistan since the terrorist attacks on the United States on September 11, 2001; and analyzes how regional dynamics, especially the rise of China, will likely shape U.S.-Pakistan relations. It concludes with three options for future U.S. strategy, described as defensive insulation, military-first cooperation, and comprehensive cooperation. The book explains how Washington can prepare for the worst, aim for the best, and avoid past mistakes.

A Dirty World Greg Stolze,2010-07-01 A roleplaying game of angry decisions, ugly ethics, and black city streets. A game of film noir. A Dirty World rethinks the One-Roll Engine to focus relentlessly on character. Hard-boiled private eyes, dirty cops and femmes fatale make their hard choices and hide their grubby secrets. A Dirty World features... * A unified conflict mechanic, where gunfights, duels of deceit and emotional blackmail not only work the same way, but fuse seamlessly. * Swift Justice character development. Instead of tracking and spending points, your character's abilities improve in direct reaction to the game's events. * One-Roll Mysteries, a mechanic to spit out intricate plots with one throw of the dice. * Rules that don't merely support drama, they are drama. Only meaningful choices push your character forward. There is no easy way, by definition.

They wish to claim its rich harvests of souls and fields, its intricate networks of ley lines and temples, for their own.They have devastated it utterly. A forgotten weapon in their war, a neglected sorcery fallen from a distracted archons attention, lies in the Qelong River valley at the edge of this near-cosmic battlefield. Qelong is Kenneth Hites hellish southeast Asian setting inspired by fantasy quest drama and war stories like Valhalla Rising, Apocalypse Now, and The Good, the Bad, and the Ugly.
