Straight Silver Dan Abnett, 2016-06-28 Commissar Gaunt and his men undertake a seemingly suicidal mission in the blood-soaked trenches of the 41st Millennium. On the battlefields of Aexe Cardinal, the struggling forces of the Imperial Guard are locked in a deadly stalemate with the dark armies of Chaos. Commissar Ibram Gaunt and his regiment, the Tanith First and Only, are thrown headlong into this living hell of trench warfare, where death from lethal artillery is always just a moment away. The only chance for Gaunt and his lightly armed scouts to survive is to volunteer for a mission so dangerous that no one else dares accept it.

The Wargaming Compendium Henry Hyde, 2013-08-19 An extensive reference guide to the exciting hobby, for beginners as well as longtime players. Wargaming is a fascinating, engrossing, and exciting pastime that encompasses a wide range of different talents. The average wargamer uses the skills of artist, designer, sculptor, illustrator, historian, librarian, researcher, mathematician, and creative writer, as well as the more obvious ones of general, admiral, or air marshal for large games, or perhaps lieutenant, commodore, or squadron leader for skirmishes. Aside from calling upon many skills, wargaming also covers many aspects of combat, spanning the history of Earth. With science fiction gaming, we plunge into imagined worlds many thousands of years into the future, and a fantasy gamer, of course, deals with eons of imagined history, as anyone who has read *The Lord of the Rings* will know. A wargamer may find themselves recreating an encounter between a handful of adversaries one day, or a massed battle involving perhaps hundreds of miniature troops the next. Moreover, it is possible to play wargames that recreate warfare on land, on sea, in the air,

or even in outer space. This book demonstrates the wonderfully varied hobby of wargaming with miniatures, looking at the broad scope of what it has to offer as well as detailed explanations of how to get involved, including comprehensive rules for gladiator combat, Wild West skirmishes, and the horse and musket era, as well as lots of advice for anyone new to wargaming. Whether you're a complete newcomer to the hobby, or a veteran of many years, you'll find plenty in *The Wargaming Compendium* to entertain and inspire you.

Dark Ages Dan Abnett, 2015-04-07 New York Times best-selling novelist, graphic novelist, and all-around character, Dan Abnett (*Horus Rising*, *Guardians of the Galaxy*, *The New Deadwardians*) turns his skewed vision to the year 1333. The known world is locked in a holy war. As a godless mercenary company slogs across Europe in search of sustenance and coin, they encounter a demonic force born not of hell, but from beyond the stars! As evil comes forth from the skies above, the heathen warband seeks refuge and redemption in a fortified monastery. But inside lies a dark secret that could ensure their salvation--or seal their fate!

Solo-wargaming Donald F. Featherstone, 1973

Iron Sunrise Charles Stross, 2005-06-28 “[Stross] has the ability to superimpose an intriguing take on contemporary events over an imaginative story peopled by bizarre characters.” – The Kansas City Star A G2 star doesn’t just explode—not without outside interference. So the survivors of the planet Moscow, which was annihilated in just such an event, have launched a counterattack against the most likely culprit: the neighboring system of New Dresden. But New Dresden wasn’t responsible, and as the deadly missiles approach their target, Rachel Mansour, agent for the interests of Old Earth, is assigned to find out who was. Opposing her is an unknown—and unimaginable—enemy. At stake is not only the fate of New Dresden but also the very order of the universe. And the one person who knows the identity of that enemy is a disaffected teenager who calls herself Wednesday Shadowmist. But Wednesday has no idea what she knows...

Fortress Frontier Myke Cole, 2013 An officer. An outcast. A fight for survival. The Great Reawakening did not come quietly. Suddenly people from all corners of the globe began to develop terrifying powers. Overnight the rules had changed... but not for everyone. *Fortress Frontier* is the

second chilling thriller in Myke Cole's Shadow Ops trilogy, perfect for fans of Peter V. Brett and Brandon Sanderson. 'I suspect this is the best ride that military fantasy has to offer - you definitely will want to get on board' - Mark Lawrence, author of King of Thorns Alan Bookbinder might be a Colonel in the US Army, but in his heart he knows he's just a desk jockey, a clerk with a silver eagle on his jacket. But one morning he is woken by a terrible nightmare and overcome by an ominous drowning sensation. Something is very, very wrong. Forced into working for the Supernatural Operations Corps in a new and dangerous world, Bookbinder's only hope of finding a way back to his family will mean teaming up with former SOC operator and public enemy number one: Oscar Britton. They will have to put everything on the line if they are to save thousands of soldiers trapped inside a frontier fortress on the brink of destruction, and show the people back home the stark realities of a war that threatens to wipe out everything they're trying to protect. What readers are saying about Fortress Frontier: 'An excellent mix of military drama, sci-fi, adventure and mystical mayhem all rolled into one' 'Grips you from the beginning, and the fast pace doesn't let up. A great continuation' 'The action really races with surprising twists and turns'

Wargaming Campaigns Henry Hyde, 2022-07-20 An authoritative reference guide to building wargaming campaigns, featuring a full set of campaign rules, tips on creating maps, and more. Most miniature wargames take the form of simulating a single battle with the opponents either winning or losing and that's that until the next game. Such games can be a fun test of tactical skill, but it can be even more rewarding if they form part of a wider campaign. In a campaign, the players commanding the forces have to make the decisions at the strategic level that determine the

context of any battles that occur. The outcome of these battles will, in turn, have strategic consequences for the ongoing campaign. Although campaigns can be very rewarding, many wargamers are deterred by the need to produce maps and devise mechanisms for strategic movement, Intelligence, logistics, recruiting reinforcements, keeping track of casualties etc. Henry Hyde's excellent book greatly eases this task with masses of sound advice, concrete suggestions and even a full set of campaign rules useful for any period. Whatever historical or fantasy setting you prefer, Henry shows that even simple campaigns can add extra fun to your gaming. Praise for Wargaming Campaigns "This big, thick tome contains everything you'd ever want to know about creating and running a wargame campaign." —Historical Miniatures Gaming Society

Invisible Sun Charles Stross, 2021-09-28 The alternate timelines of Charles Stross' Empire Games trilogy have never been so entangled than in Invisible Sun—the techno-thriller follow up to Dark State—as stakes escalate in a conflict that could spell extermination for humanity across all known timelines. An inter-timeline coup d'état gone awry. A renegade British monarch on the run through the streets of Berlin. And robotic alien invaders from a distant timeline flood through a wormhole, wreaking havoc in the

USA. Can disgraced worldwalker Rita and her intertemporal extraordinaire agent of a mother neutralize the livewire contention before it's too late? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Dark State Charles Stross, 2018-01-11 Dark State is the second book in a thrilling series - set in the same world as Charles Stross' Merchant Princes series. This book follows Empire Games. Rita's world is rocked when she realizes Miriam is her birth mother, changing her own mission irrevocably. Then her United States discovers yet another parallel earth, and the remains of an advanced society. Rules for Wargaming Arthur Taylor, 1971-01

Little Wars H. G. Wells, 2022-03-02 Despite being a pacifist, Wells masterfully explains and gathers all the prerequisites for waging a war... with toy soldiers. 'Little Wars' can be said to be the original instruction manual for how to run a tabletop battle. Satire and pacifist views blend in this narrative that expresses Wells' idea that wars should be waged on the dining room floor rather than among the corpse-ridden trenches of Europe. The book's influence on modern warfare manuals and board games is indisputable, as tabletop conflicts are conducted to this day. Wells portrays the harrowing nature of war, but his humour ensures the book remains an entertaining read. The whimsical writing and stunning sketches create a book that should be read by all fans of tabletop war games. H. G. Wells (1866-1946) was a celebrated English writer, remembered mostly for his science fiction works. Often

described as a futurist, H. G. Wells' influence cannot be overstated for his works foresaw many technological innovations such as space travel, the atomic bomb, and the Internet. A four-time Nobel Prize in Literature nominee, Wells explored a wide array of themes in his works, from religion to social criticism and beyond. Some of his best works include the time-travel novel 'The Time Machine', the sci-fi adventure novel 'The Island of Dr. Moreau', and the mankind-versus-aliens novel 'The War of the Worlds'. Wells occupies one of the central seats in the canon of science-fiction literature and his writing inspired other celebrated authors such as Ray Bradbury and Philip K. Dick. Wells' stories are still widely read to this day and have had numerous cinematic adaptations including 'The Invisible Man' starring Elisabeth Moss.

Black Powder Rick Priestly, Jervis Johnson, 2010-01-19
Black Powder is Warlord Games' first publication. It is a beautiful book in its own right with hundreds of color photographs taken by the Perry brothers of the most exquisitely painted model soldiers from their world-renowned collection. The rule book's intention is inspire a collector to play gentlemanly games with their own collections of soldiers with friends where the emphasis is on the spirit of the age of musket, not the letter of the rule. With decisive battles from the key wars of the period, such as El Teb, from the Sudan War, Ntombi River from the Zulu Wars, Alma from the Crimean War and Freemans Farm from the American War of Independence, as well as two fictional scenarios from the American Civil War and Napoleon's Wars, there really is something to keep everyone happy. It is a hearty publication and not for nitpickers or miseries. There are some good gags in it, but it also plays well and enables players to conduct a very big battle in a civilized period of time, leaving them more time to chat about the

highs and lows and what ifs. Rick Priestley is best known as the famous Warhammer and Warhammer 40000 author, the world's best selling table top miniatures game and Product Director for Games Workshop. He lives in Nottingham. Jervis Johnson is also an internationally renowned games writer and luminary in the gaming world. Jervis also lives in Nottingham but has a very posh voice.

A Song Called Youth John Shirley, 2013-12-18 In a near-future dystopia, a limited nuclear strike has destroyed portions of Europe, bringing the remaining nation-cities under control of the Second Alliance, a frighteningly fundamentalist international security corporation with designs on world domination. The only defense against the Alliance's creeping totalitarianism is the New Resistance, a polyglot team of rebels that includes Rick Rickenharp, a retro-rocker whose artistic and political sensibilities intertwine, and John Swenson, a mole who has infiltrated the Alliance. As the fight continues and years progress, so does the technology and brutality of the Alliance ... but ordinary people like the damaged visionary Smoke, Claire Rimpler on FirStep, and Dance Torrence and his fellow urban warriors on Earth are bound together by the truth and a single purpose: to keep the darkness from becoming humankind's Total Eclipse--or die trying!

The Unincorporated Man Dani Kollin, Eytan Kollin, 2010-04-27 Dani and Eytan Kollin's The Unincorporated Man is a provocative social/political/economic novel that takes place in the future, after civilization has fallen into complete economic collapse. This reborn civilization is one in which every individual is incorporated at birth, and spends many years trying to attain control over his or her own life by getting a majority of his or her own shares. Life extension has made life very long indeed. Now the incredible has happened: a

billionaire businessman from our time, frozen in secret in the early twenty-first century, is discovered and resurrected, given health and a vigorous younger body. Justin Cord is the only unincorporated man in the world, a true stranger in this strange land. Justin survived because he is tough and smart. He cannot accept only part ownership of himself, even if that places him in conflict with a civilization that extends outside the solar system to the Oort Cloud. People will be arguing about this novel and this world for decades. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
