A Dirty World Greg Stolze, 2010-07-01 A roleplaying game of angry decisions, ugly ethics, and black city streets. A game of film noir. A Dirty World rethinks the One-Roll Engine to focus

relentlessly on character. Hard-boiled private eyes, dirty cops and femmes fatale make their hard choices and hide their grubby secrets. A Dirty World features... * A unified conflict mechanic, where gunfights, duels of deceit and emotional blackmail not only work the same way, but fuse seamlessly. * Swift Justice character development. Instead of tracking and spending points, your character's abilities improve in direct reaction to the game's events. * One-Roll Mysteries, a mechanic to spit out intricate plots with one throw of the dice. * Rules that don't merely support drama, they are drama. Only meaningful choices push your character forward. There is no easy way, by definition.
