Key Concepts in Language and Linguistics
Geoffrey Finch 2017-09-16
An invaluable glossary of significant language and linguistic terms and concepts designed for students of English language and linguistics. The book also provides a very useful overview of the subject as well as covering principal figures in linguistic criticism and their contribution to the subject. Organized into the core subject areas of language and linguistics, it enables the reader to contextualize each particular definition and gain a wider understanding of each topic. This edition has been updated to include more extensive coverage, particularly of language terms.

Tax Accounting in Mergers and Acquisitions, 2016 Edition
Glenn R. Carrington 2015-11-15
There are many considerations that influence how a transaction is structured, including tax considerations. The most basic tax issue is whether to structure the transaction as taxable or tax-free. In general, there are four basic structures for a corporate acquisition: (1) a taxable acquisition of a target corporation’s stock; (2) a taxable acquisition of a target corporation’s assets; (3) a tax-free acquisition of the target corporation’s stock; or (4) a tax-free acquisition of a target corporation’s assets.

One Place After Another
Miwon Kwon 2004-02-27
A critical history of site-specific art since the late 1960s. Site-specific art emerged in the late 1960s in reaction to the growing commodification of art and the prevailing ideals of art’s autonomy and universality. Throughout the 1970s and 1980s, as site-specific art intersected with land art, process art, performance art, conceptual art, installation art, institutional critique, community-based art, and public art, its creators insisted on the inseparability of the work and its context. In recent years, however, the presumption of unrepeatability and immobility encapsulated in Richard Serra’s famous dictum “to remove the work is to destroy the work” is being challenged by new models of site specificity and changes in institutional and market forces. One Place After Another offers a critical history of site-specific art since the late 1960s and a theoretical framework for examining the rhetoric of aesthetic vanguardism and political progressivism associated with its many permutations. Informed by urban theory, postmodernist criticism in art and architecture, and debates concerning identity politics and the public sphere, the book addresses the siting of art as more than an artistic problem. It examines site specificity as a complex cipher of the unstable relationship between location and identity in the era of late capitalism. The book addresses the work of, among others, John Ahearn, Mark Dion, Andrea Fraser, Donald Judd, Renee Green, Suzanne Lacy, Inigo Mangano-Ovalle, Richard Serra, Mierle Laderman Ukeles, and Fred Wilson.

Heroes of History
Will Durant 2002-04-23
In the tradition of his own bestselling masterpieces The Story of Civilization and The Lessons of History, Pulitzer Prize-winning historian Will Durant traces the lives and ideas of those who have helped to define civilization, from its dawn to the beginning of the modern world. Heroes of History is a book of life-enhancing wisdom and optimism, complete with Durant’s wit, knowledge, and unique ability to explain events and ideas in simple, exciting terms. It is the lessons of our heritage passed on for the edification and benefit of future generations—a fitting legacy from America’s most beloved historian and philosopher. Will Durant’s popularity as America’s favorite teacher of history and philosophy remains undiminished by time. His books are accessible to readers of every kind, and his unique ability to compress complicated ideas and events into a few pages without ever “talking down” to the reader, enhanced by his memorable wit and a razor-sharp judgment about men and their motives, made all of his books huge bestsellers. Heroes of History carries on this tradition of making scholarship and philosophy understandable to the general reader, and making them good reading, as well. At the dawn of a new millennium and the beginning of a new century, nothing could be more appropriate than this brilliant book that examines the meaning of human civilization and history and draws from the experience of the past the lessons we need to know to put the future into context and live in confidence, rather than fear and ignorance.

Korean Jaehoon Yeon 2019-06-25
Korean: A Comprehensive Grammar is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The book moves from the alphabet and pronunciation through morphology and word classes to a detailed analysis of sentence structures and semantic features such as aspect, tense, speech styles and negation. Updated and revised, this new edition includes lively descriptions of Korean grammar, taking into account the latest research in Korean linguistics. More lower-frequency grammar patterns have been added, and extra examples have been included throughout the text. The unrivalled depth and range of this updated edition of Korean: A Comprehensive Grammar makes it an essential reference source on the Korean language.

Super Mario Sunshine
David S. J. Hodgson 2002
Game Strengths Nintendo and Shigeru Miyamoto have done it again! Mario Sunshine is a winning successor to Super Mario 64, the game many consider to be the best console title released on the N64 and the defining game for the 3D platform genre. Although gameplay in Mario Sunshine is similar to that of Super Mario 64, gamers can expect new moves, new enemies, and sprawling urban/suburban environments that are a departure from the fanciful areas of Mushroom Kingdom. Set in a coastal town, Mario must use his water cannon backpack to spray water on paint blotches that fall from the sky to preserve the beauty of his town. Mario himself is more detailed than ever, boasting a newly improved high-polygon count and detailed texturing. He also features an extensive facial animation system that displays various emotions including happy, confused, and even exhausted. Description/Sales Handle Mario is back for more adventure and excitement in Mario Sunshine, his exciting debut on Nintendo’s GameCube. You’ll be sure to run, smash, triple-jump, and slide your way to success with the help of Mario Sunshine: Prima’s Official Strategy Guide. We’ll provide you with a complete walkthrough for every vast 3D level, including enemy stats and info, locations of all Sunshine Coins and other cool items, and tips for using Mario’s all-new water cannon backpack to keep this beautiful world clean. With the help of Prima’s Official Strategy Guide, you can’t lose! Super Mario 64 Game Secrets: Unauthorized has sold more than 123,000 copies Competition Versus Books.

100 Classic Toys
David Smith 2011
This fascinating book covers one hundred classic toys that have enchanted, captivated and enthralled generations of children. From the simplest building blocks to the most sophisticated robots, each toy included is still being manufactured or is easily available through sites like eBay. Why do some toys become classic? There are many reasons why particular toys stood out from their competitors. Perhaps the limitless creative possibilities of the LEGO brick, the timeless appeal of the dolls’ house or the comforting presence of a favorite bear - whatever the secret, these toys and games have earned a special place in the hearts of millions of children (and former children). The author presents the background on how each toy was created and explains why it has become a classic. He also provides information about the manufacturer and how to find the toy - even in cases where it might not still be in production.
Anybody flicking through the pages of 100 Classic Toys will be able to see a toy and say, “I used to have one of those!” This is a book for toy collectors, for parents and grandparents, for anyone who has ever played with a toy!

Watson-Gandy on Accountants
Mark Watson-Gandy 2008
Accountants play an increasingly important and diverse role in society today. Traditionally, in the UK, accountants are the first port of call for businessmen seeking any form of professional advice or assistance. They undertake a wide range of functions which stretch far beyond their traditional roles of preparing accounts, financial reporting, auditing, and tax planning. Today, accountants also offer management consultancy, give corporate finance advice, provide company secretarial services, undertake financial management, give personal finance advice, advise on computer software, and act as trustees in bankruptcy, liquidators, administrative receivers, and administrators. This major work provides UK legal practitioners and accountants with clear and practical guidance from non-contentious but vital governance issues, to the complex issues pertaining to professional negligence. The book’s 6 checklists and 32 precedents guide the reader through the key topics: partnership creation, cl

Achtung-Panzer!
Heinz Guderian 1995
This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian’s book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian’s classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Blueprint for Black Power
Amos N. Wilson 1998
Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. ‘Blueprint for Black Power’ details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... aptly titled, ‘Blueprint for Black Power’ stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. (Back cover).

Cursed Angel
Linsey Hall 2021-04-29
We’re almost out of time. Magic Side is under attack and the prism has been cursed. If I can’t break the spell, my city will be overrun. The problem is, my magic is out of control, and I can’t fight this battle alone. There’s only one person to turn to—Damian Malek. But my strongest ally might also be my greatest threat. I’ve discovered what Damian is, and it’s far worse than just being a fallen angel. I don’t trust him, and it’s too dangerous to be around him. My very soul, and my magic, are at risk. But I have no choice. Only Damian knows the truth of what is really going on, and he’ll only share it with me. We’ve got to bargain with vampires and demons, battle mythical monsters, and expose the lost secrets of a ruined temple before time runs out. Will he help me save the city I love, or is it a trap to take everything I hold dear? An action-packed urban fantasy, Cursed Angel features a rebel heroine, a dark angel hero, and slow burn romance. Prepare yourself for edge-of-your-seat adventure amongst ancient ruins and mythical places. If you enjoyed the archaeology, history, and daring in Linsey Hall’s original Dragon’s Gift books, this adventure is for you!

Losing Brave
Bailee Madison 2018-01-30
Payton Brave’s twin sister, Dylan, has been missing for more than a year. So has Payton’s memory. Amid the turmoil of her sister’s disappearance, Payton feels lost as the one left behind. Her mental state wrought and reckless, she tumbles from the graces of popularity to the outskirts of high school society, where she attracts a rag-tag group of friends—and a troubling romance with her sister’s boyfriend, Cole. Though Payton remembers nothing of the day Dylan disappeared, she must pry into her own mind when another missing girl’s body is recovered from a nearby lake, the victim’s features eerily similar to Dylan’s. The further Payton presses into the recesses of her memory, the more danger surrounds her. The darkness around her sister’s disappearance grows and the truth becomes more and more unbearable. What she finds might just cost Payton her life.
Losing Brave: Is written by award-winning actress Bailee Madison (Once Upon a Time, Bridge to Terabithia) and Reader’s Choice Award Finalist Stefne Miller Features forbidden romance, intense action, and high-stakes sacrifice
The Purple Violet of Oshaantu
Neshani Andreas 2017-03-27
Through the voice of Mee Ali, readers experience the rhythms and rituals of life in rural Namibia in interconnected stories. In Oshaantu, a place where women are the backbone of the home but are expected to submit to patriarchal dominance, Mee Ali is happily married. Her friend, Kauna, however, suffers at the hands of an abusive husband. When he is found dead at home, many of the villagers suspect her of poisoning him. Backtracking from that time, the novel, with its universal appeal, reveals the value of friendships, some of which are based on tradition while others grow out of strength of character, respect, and love.
