Sunday Best Quilts Sherri McConnell,Corey Yoder,2019 Every quilter has a bucket list: extraordinary quilts they dream of making someday. Now two stars of the quilting world share the Sunday best quilts they've always wanted to create! Together the authors chose six different themes--star, scrappy, red-and-white, Christmas, pineapple, and Courthouse Steps quilts--and then challenged one another to each design a quilt in her own signature style. The result is a dozen spectacular quilts, along with personality-packed Q&As and commentary from both designers--plus a fun and easy way for quilters to cross off the quilts on their bucket lists!

Album Cover Album Roger Dean,Storm Thorgerson,2008-10-28 A stunningly designed review of the greatest album cover designs, spanning the classic period from the 1950s to the 1970s, Album Cover Album first hit the bestseller charts in 1977. This led to the release of six follow-up hits, inspired a host of imitations, and generated a long-playing sub-genre in art and design publishing. Album Cover Album is edited and compiled by two designers who were among the most innovative pioneers of the work that it celebrates. Storm Thorgerson's Hipgnosis earned world renown for the epic photo shoots and iconic designs that went so perfectly with the music of Pink Floyd. Meanwhile, Roger Dean's dreamscapes and unique typography became as much a part of the rock generation as the Yes albums they adorned. Album Cover Album features their selection of more than 600 sleeves in full color, and showcases the astonishing diversity and excellence of design that the medium produced in its first three decades. This new edition retains the lavish 12-inch format of the original and replays the ingeniously themed compositions of each page. The album is given a fresh spin by a new preface from Peter Gabriel and new forewords by Storm Thorgerson and John Wetton, plus a 21st-century typographic facelift. The result is a celebration of the enduring appeal of vinyl.

Watson-Gandy on Accountants Mark Watson-Gandy,2008 Accountants play an increasingly important and diverse role in society today. Traditionally, in the UK, accountants are the first port of call for businessmen seeking any form of professional advice or assistance. They undertake a wide range of functions which stretch far beyond their traditional roles of preparing accounts, financial reporting, auditing, and tax planning. Today, accountants also offer management consultancy, give corporate finance advice, provide company secretarial services, undertake financial management, give personal finance advice, advise on computer software, and act as trustees in bankruptcy, liquidators, administrative receivers, and administrators. This major work provides UK legal practitioners and accountants with clear and practical guidance from non-contentious but vital governance issues, to the complex issues pertaining to professional negligence. The book's 6 checklists and 32 precedents guide the reader through the key topics: partnership creation, cl

Burnished Rows of Steel Jeremy Davies,2016-01-05 Most who read the Declaration of Independence find three foundational liberties promised to our citizens: life, liberty, and the pursuit of happiness. An increasing number of citizens seem to be discovering the fourth: the right to alter or abolish a form of government that leads invariably to tyranny. Since leaving the military and his security contracting work behind, Dave has been preparing himself for the time when exercising the right to alter or abolish may become necessary. When he is approached on behalf of some powerful men who are prepared to risk their fortune to strike a blow against the political tyranny embodied by the president, Dave is prepared to accept the role of assassin. As he prepares to accept the mission of a lifetime, an alternate narrative begins to unfold. He struggles to discover whether the hit will be on behalf of a besieged gun maker or whether it has been orchestrated by members of the president's own party, who feel that his death would rescue the chances of their party heading into an election. As the motive becomes clear, so does Dave's course of

action. He is caught in a race against time to thwart their plans, not for the leader of a country but for the life of a friend.
