Origami Kusudama Garden Katrin Shumakov

2014-03-30 Origami Kusudama Garden will show you how to make delightful floral paper spheres, called Kusudama. Kusudama is a decorative paper ball usually made of several modules, folded from paper and then connected together to form an attractive sphere. Do-It-Yourself - fold delightful kusudama models, originally designed by Katrin and Yuri Shumakov, which incorporate flowers like Roses, Bellflowers, Lotus, Sunflowers and more, even a Poinsettia: a Christmas flower, to create special seasonal decorations. Most of the kusudama designs in this book use no glue,

just clever folded paper locks in their assembly. In some designs, modules are sewn or just glued together to shape a sphere. There are 334 detailed step-by-step colorful diagrams with written instructions and photos of examples of completed projects that will guide you through folding the 18 original origami designs. In each article, there are recommendations on paper type and size including an indication of the size of the completed model. The designs are from simple to intermediate / complex level of folding. The article "Magic of Kusudama" introduces the kusudama, shedding some light on how they were used in ancient Japan and how kusudama designs keep their charm in the present. You can use these kusudama designs to decorate for a shower, wedding reception, or birthday party - these beautiful spheres will bring a magic touch to your event. The origami floral spheres can be a treasured gift for your friends and family too. Have a wonderful and fun time with this book creating a whole garden of hanging kusudama

Wondrous One Sheet Origami Meenakshi Mukerji 2019-10-25 *Wondrous One Sheet Origami* is a how-to book full of beautiful origami designs covering a wide range of folding levels from simple to high intermediate, with more emphasis on the latter. The book is meant for audiences 12 years of age and above, and children folding at higher than age level. Most of the designs are flat and suitable for mounting on cards or framing as gifts. Features • Richly illustrated full-color book with clear, crisp diagrams following international standard, and an abundance of photographs of finished models • Select designs hand-picked by the author based on social media responses • Most of the designs incorporate color-change, a technique showing both sides of paper for enhanced beauty "Meenakshi Mukerji's work is

both intricate and lovely. She's greatly respected in the origami world, one of the well-known world leaders in modular origami. Her books offer a nice exposition of the mathematical elements, but you're not being hit over the head with math lessons. You learn things without even realizing that you have." –Dr. Robert J. Lang "Meenakshi Mukerji is one of today's masters of modular origami, designs comprised of multiple pieces of paper. She also brings her ingenuity and creativity to designs made from a single piece of paper. Among the most appealing aspects of her single sheet work is the way she subtly manipulates a purely geometric form to fold a flower, a leaf, a butterfly, or card suits." –Peter Engel

Origami Charming Kusudama Katrin Shumakov
2015-12-20 Origami Charming Kusudama of the Origami Decor Series by the Oriland creators will show you how to make magic spheres out of paper, called Kusudama, traditional ones and the authors' original designs. Kusudama ('healing sphere' in Japanese) is a decorative paper ball usually made of several modules connected

together to form an attractive sphere filled with harmony and beauty. The sphere designs in this book use a common technique for making a kusudama where six modules, each folded from paper in the pure origami style, are glued together to shape a ball. The 6-module kusudama designs possess a certain charm when balancing the folding efforts and the elegance of the result. Some of these designs have a 10-module version in a form of an eye-catching lantern. Do-It-Yourself - fold these charming kusudama models - the Jasmine Sphere, the traditional Kusudama 'Pendant', the Lantern-like Kusudama 'Pendant', the Kusudama 'Roses', the Lantern-like Kusudama 'Roses', the Kusudama 'Star', the Himalayan Poppy Sphere, the Tsuru Tama (or Crane Kusudama), the Lantern-like Tsuru Tama, the Fairy Wings Sphere and the Chinese Dogwood Sphere. Along with kusudama designs, there are also related decorative and floral models - the 2-Module Pendant, the Pendant 'Rose', 4- and 8-Pointed Stars, the

Jasmine Flower, the Fairy Wings Flower and the Chinese Dogwood Flower, as well as Stalks and Oval Pointed Leaves for them. 180 detailed step-by-step colorful diagrams with written instructions and 50 photos of examples of completed projects will guide you through folding the 18 origami designs. For every project, there are recommendations on paper type and size including an indication of the size of the completed model. The designs are from simple to intermediate level of folding and are good for the novice and the expert alike. In addition, the authors' article "Magic of Kusudama" introduces the kusudama theme, shedding some light on how they were used in ancient Japan and how kusudama designs keep their charm in the present. A kusudama influences positively the mood of a person who made it or who receives it as a gift or even just looks at it. Kusudama spheres are wonderful decorations able to bring a unique atmosphere into every home. They can be a terrific gift for your friends and family too.
