Monster Hunter International, Second Edition Larry Correia,2015-05-13 Contains an all-new afterword by New York Times best-selling author Larry Correia! Welcome to Monster Hunter International. Five days after Owen Zastava Pitt pushed his insufferable boss out of a fourteenth story window, he woke up in the hospital with a scarred face, an unbelievable memory, and a job offer. It turns out that monsters are real. All the things from myth, legend, and B-movies are out there, waiting in the shadows. Officially secret, some of them are evil, and some are just hungry. On the other side are the people who kill monsters for a living. Monster Hunter International is the premier eradication company in the business. And now Owen is their newest recruit. It's actually a pretty sweet gig, except for one little problem. An ancient entity known as the Cursed One has returned to settle a centuries old vendetta. Should the Cursed One succeed, it means the end of the world, and MHI is the only thing standing in his way. With the clock ticking towards Armageddon, Owen finds himself trapped between legions of undead minions, belligerent federal agents, a cryptic ghost who has taken up residence inside his head, and the cursed family of the woman he loves. Business is good . . . At the publisher's request, this title is sold without DRM (Digital Rights Management). Lexile Score: 710

Servants of War Larry Correia, Steve Diamond, 2022-03-01
NEW MILITARY FANTASY FROM THE CREATOR OF MONSTER HUNTER INTERNATIONAL LARRY CORREIA AND MASTER OF HORROR STEVE DIAMOND The war between Almacia and the Empire of Kolakolia is in its hundredth year. Casualties grow on both sides as the conflict leaves no corner of the world untouched. Illarion Glaskov's quiet life on the fringes of the empire is thrown into chaos when an impossible tragedy strikes his village. When he is conscripted into the Tsarist military, he is sent to serve in The Wall—an elite regiment that pilots suits of armor made from the husks of dead golems. But the great war is not the only—or even the worst—danger facing Illarion, as he is caught in a millennia-old conflict between two goddesses. He must survive the ravages of trench warfare, horrific monsters from another world, and the treacherous internal politics of the country he serves. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Larry Correia: "Correia piles on the intrigue, action, and cliffhangers in the invigorating second Saga of the Forgotten Warrior epic fantasy. . . . Correia also weaves in elements that question the value of belief and the cost of giving authority to those who find more profit in preying on the weak. . . . Brisk fight scenes, lively characters, and plenty of black humor continue to make this series a real pleasure." —Publishers Weekly About Steve Diamond: "Residue will scare you—that's its primary goal—but along the way it will touch you, shock you, make you laugh, make you cheer, and make you think. Horror has been waiting for Steve Diamond." —Dan Wells

THRILLING SCIENCE FICTION ADVENTURE FROM BEST-

SELLING AUTHORS LARRY CORREIA AND JOHN BROWN The Heart of a Warrior Once, Jackson Rook was a war hero. Raised from boyhood to pilot an exosuit mech, he'd fought gallantly for the rebellion against the Collectivists. But that was a long time ago, on a world very far away. Now, Jackson Rook is a criminal, a smuggler on board the Multipurpose Supply Vehicle Tar Heel. His latest mission: steal a top-of-the-line mech called the Citadel and deliver it to the far-flung planet Swindle, a world so hostile even the air will kill you. The client: a man known only as the Warlord. Rook has been in the smuggling business long enough to know that it's best to take the money and not ask questions. But Rook cannot stand by and watch as the Warlord runs roughshod over the citizens of Swindle, the way the Collectivists did on his homeworld. For all his mercenary ways, Rook is not a pirate. And deep within the smuggler, the heart of a warrior still beats. At the publisher's request, this title is sold without DRM (Digital Rights Management).

AK-47 Larry Kahaner,2010-12-22 No single weapon has spread so much raw power to so many people in so little time—and had such a devastating effect—as the AK-47 assault rifle. This book examines the legacy of this world-changing weapon, from its creation as means of fighting the Nazis to its ubiquity today in every kind of conflict, from civil wars in Africa to gang wars in L.A.

Weaponomics: the global market for assault rifles Phillip Killicoat,2007 Abstract: This paper introduces the first effort to quantitatively document the small arms market by collating field reports and journalist accounts to produce a cross-country time-series price index of Kalashnikov assault rifles. A model of the small arms market is developed and empirically estimated to identify the key determinants of assault rifle prices. Variables which proxy the effective height of trade barriers for illicit trade are consistently significant in determining weapon price variation. When controlling for other factors, the collapse of the Soviet Union does not have as large an impact on weapon prices as is generally believed.

Small Arms for Urban Combat Russell C. Tilstra,2014-01-10 The urbanization of warfare has necessitated the kind of precision targeting that only small arms can deliver.

Weapons not often seen on the battlefield can prove useful, even indispensable, in an urban setting. This expert reference guide examines in detail the most successful small arms in use and how changes in warfare have affected how those weapons are used and have transformed the small arms industry. Professional soldiers, law enforcement officers and students and researchers of small arms will gain a working knowledge of the most common and successful urban combat weapons (including some currently in development).

Ackley,2021-10-07 Illustrated Edition of 1959 in Facsimile. This is the first edition of one of the classic descriptions of wildcat cartridges, first published in 1949. Though revised and updated in 1962, this is Ackley's first effort at tackling the loading data, theory, and practice of wildcat cartridges. A wildcat cartridge, often shortened to wildcat, is a custom cartridge for which ammunition and/or firearms are not mass-produced. These cartridges are often created in order to optimize a certain performance characteristic (such as the power, size, or efficiency) of an existing commercial cartridge. Developing and using wildcat cartridges does not generally serve a purpose in military or law enforcement; it is more a hobby for serious shooting, hunting, gunsmithing and handloading enthusiasts, particularly in the United States.

The Poetry of Religious Sorrow in Early Modern England Gary Kuchar, 2011-03-03 In early modern England, religious sorrow was seen as a form of spiritual dialogue between the soul and God, expressing how divine grace operates at the level of human emotion. Through close readings of both Protestant and Catholic poetry, Kuchar explains how the discourses of 'devout melancholy' helped generate some of the most engaging religious verse of the period. From Robert Southwell to John Milton, from Aemilia Lanyer to John Donne, the language of 'holy mourning' informed how poets represented the most intimate and enigmatic aspects of faith as lived experience. In turn, 'holy mourning' served as a way of registering some of the most pressing theological issues of the day. By tracing poetic representations of religious sorrow from Crashaw's devotional verse to Shakespeare's weeping kings, Kuchar expands our understanding of the interconnections between poetry, theology and emotion in post-Reformation England.
