- 🔖 **US COMBAT SHOTGUNS** LEROY THOMPSON,2013-08-20 When a soldier must face multiple opponents at close quarters, few weapons can match the effectiveness of the shotgun. From World War I to the War on Terror, the shotgun has been a devastating weapon in the hands of US troops. For urban combat, prisoner control and shipboard operations, it remains as deadly today as it was a century ago. This book examines various types, from the early combat shotguns through to the riot gun and trench gun versions used in World War I. So effective was the trench shotgun, the Germans complained it violated the "Rules of War" as an inhumane weapon, and threatened to execute troops captured carrying one. More recently during the War on Terror, shotguns have been used to clear cave complexes in Afghanistan and buildings in Iraq, but especially to blow doors open during entries and searches. Featuring specially commissioned full-color artwork, this is the story of the origins, development and the use of the combat shotgun in US service, from the trenches of World War I, to the Korean and Vietnamese Wars and lately the cave complexes of Afghanistan.
- 🔖 **MARLIN FIREARMS** WILLIAM S. BROPHY USAR,1989-05-01 From 1863 to the present--the company and the men who made it successful, the details of all models of rifles and the many other Marlin products.
- 🔖 **SMUGGLING IN SOUTHEAST EUROPE** MARKO HAJDINJAK,2002 Analyzes and reviews the connection between the conflicts in the former Yugoslavia and the growth of the trans-border crime in the region, and also looks at the related issue of corruption. The paper highlights the decisive impact the Yugoslav wars had on the development of the regional criminal networks, which were often set up and maintained not only with the knowledge, but even with active participation of the highest state officials. The research also represents a contribution to the study of conflicts in the Western Balkans. The majority of existing interpretations of causes, course and consequences of the Yugoslav wars try to provide the answers through ethno-political explanations. They unjustly ignore the importance that interweaving of interests of political elites, the organized crime groups, which appeared in this period, and the mediating class of corrupt state officials had in this process.
- 🔖 **JIM CIRILLO'S TALES OF THE STAKEOUT SQUAD** PAUL KIRCHNER,2008-04-01 Since the publication of Guns, Bullets, and Gunfights in 1996, readers have pressed for a follow-up with more information on Jim Cirillo and his service with the New York City Police Department's Stakeout Unit. That book is finally here. Author Paul Kirchner was working with Cirillo on this biography at the time of Jim's untimely death in 2007. Kirchner draws on his extensive interviews with Cirillo, his family, friends, ex-partner Bill Allard and other SOU officers to create a vivid portrait of an affable and gregarious man who nonetheless was the last man many armed robbers saw on this earth. In previously unpublished accounts, Cirillo describes in detail numerous stakeouts and sets the record straight about what he and the other SOU members actually accomplished on the streets of New York. Cirillo also talks about his early years as a street cop and his service with the NYPD Emergency Service Unit; his successes as a lifelong competitive shooter; his distinguished career as a firearms trainer; his unique relationship with Jeff Cooper; his carry guns and the guns of the SOU; and much more. Cirillo's unique voice and humor enliven every page, resulting in a fitting, lasting tribute to a legendary police officer, shooting instructor, gunfighter and raconteur.

- 🔖 **WINCHESTER SHOTGUNS** DENNIS ADLER,2015-11-10 In the study and appreciation of American history, and in understanding the crucial role played by firearms in that extraordinary saga, one of the most famous gunmakers is Winchester. Their products are so much in demand that they indisputably hold the title of the Blue Chips of gun collecting. And while a notable amount of literature on these marques has appeared in print, much of it from the period of post-World War II, there are still major categories which demand focused books. Such works are in response not only to the need to know from students, historians and collectors, but also are a powerful reflection of the ever-expanding explosion of interest in the magical world of firearms. The study of arms is a highly visual, and technical, pursuit. Having the objects sitting on a page, as if they are on the reader's desk, is a true delight. Few photographers can equal those images of excellence. And no one today can match his combination of skill, aptitude and artistry at doing both text and photographs

- 🔖 **INTERNATIONAL PEACEBUILDING AND LOCAL INVOLVEMENT** DAHLIA SIMANGAN,2019-05-01 This book interrogates the common perception that liberal peace is in crisis and explores the question: can the local turn save liberal peacebuilding? Presenting a case for a liberal renaissance in peacebuilding, the work interrogates the assumptions behind the popular perception that liberal peace is in crisis. It re-examines three of the cases igniting the debate - Cambodia, Kosovo, and Timor-Leste - and evaluates how these transitional administrations implemented their liberal mandates and how local involvement affected the conduct of their activities. In so doing, it reveals that these cases were neither liberal nor peacebuilding. It also demonstrates that while local involvement is imperative to peacebuilding, illiberal local involvement restores an elite-centred status quo and reinforces or creates new forms of conflict and violence. Using both liberal and critical lenses, the author ultimately argues that the conceptual and operational departure from the holistic and comprehensive origins of liberal peacebuilding in fact paved the way for the liberal peace crisis itself. Drawing on analysis from in-depth field research and interviews, this book will be of much interest to students of peacebuilding, peacekeeping, statebuilding, security studies and international relations in general.
- 🔖 **KOSOVO** NOEL MALCOLM,2002 From the author of the critically acclaimed Bosnia: A Short History comes a 'magisterial work of history' TLSBy the early-1980s Kosovo had reached a state of permanent crisis and military occupation, and it became the main focus for the revival of Serbian nationalism. This book traces the history of Kosovo, examining the Yugoslavian conflict, and the part played by Western Europe in its destruction. 'This is a profound and important book, essential reading for those who wish to understand either the complex history or the present politics of Yugoslavia.' Kosovo, with an authority that is often breathtaking and never oppressive.’ Norman Stone, Sunday Times

📖 Underwater Dogs Seth Casteel, 2012-10-23 The exuberant, exhilarating photographs of dogs underwater that have become a sensation from the water’s surface, it’s a simple exercise: a dog’s leap, a splash, and then a wet head surfacing with a ball, triumphant. But beneath the water is a chaotic ballet of bared teeth and bubbles, paddling paws, fur and ears billowing in the currents. From leaping Lab to diving Dachshund, the water is where a dog’s distinct personality shines through; some lounge in the current, paddling slowly, but others arch their bodies to cut through the water with the focus and determination of a shark. In more than eighty portraits, award-winning pet photographer and animal rights activist Seth Casteel captures new sides of our old friends with vibrant underwater photography that makes it impossible to look away. Each image bubbles with exuberance and life, a striking reminder that even in the most loveable and domesticated dog, there are more primal forces at work. In Underwater Dogs, Seth Casteel gives playful and energetic testament to the rough-and-tumble joy that our dogs bring into our lives.
