Millionaire by Thirty Douglas R. Andrew 2008-04-30 Most people know that there are 70 million Baby Boomers in America today...but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager

to bother with investing, and they constantly fear that there will be "too much month left at the end of their money." Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate, budgeting effectively, avoiding unnecessary taxes and using life insurance to create tax-free income. With the principles outlined in *Millionaire by Thirty*, recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they're 30. And by the time they're 35, their investments will be earning more money than they are, guaranteeing them a happy, wealthy future.

A globe-trotting engineer with adventure in her soul, Hetta is determined to solidify her relationship with her long-distance boyfriend, Jenks Jenkins. What better place for a romantic interlude than aboard her yacht in Mexico's hauntingly beautiful and solitary Sea of Cortez? But where Hetta goes, trouble follows and chaos is sure to ensue. After a run-in with a couple of two-legged sea serpents that threaten to rock the boat, she nevertheless decides to take on a project in the port city of Guaymas. After all, Jenks is headed back to Kuwait, so why not cash in on the best of both worlds by racking up some pesos while living aboard her boat in Mexico? Once again Hetta's indomitable spirit, stubborn independence, and penchant for deceit launch her and her best friend, Jan, into a sea of trouble. A pesky parrot, a drunken aunt, and a shadowy figure who is handsome in a "criminal sort of way" lead to murder, mayhem, kidnapping, and run-ins with several federal agencies on both sides of the border.

Achtung-Panzer! Heinz Guderian 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
