**China Combat Aircraft** Alexandre Zanfirov 2019-12-05 China Combat Aircraft 2020-2025 The aircraft included here are claimed to be some of the most sophisticated military aircraft in the world and should be taken very seriously by any adversary. I am listing the aircraft in numerical order and include the North Atlantic Treaty Organization (NATO) designation if there is one. I don't know if all the aircraft are "real" or wishful thinking. What I do know is that just because a person has a set of blueprints to make an exact replica of a particular aircraft doesn't mean that the aircraft will function in the same manner. Today's aircraft are just as reliant on the software that operates the fly-by-wire controls as they are on the skill of the pilot. Even if a person has the right materials (metallurgy being very important) and can machine the parts properly, they still have to assemble and test the final product. The aircraft covered include: H6N, H-20, J-7, JH-7, J-8, J-10, J-11, J-14, J-15, J-18, J-20, J-26, J-31, Su-27, Su-30, Su-35, SA342L, Z-8, Z-9, Z-18, Ka-28, Mi-17, Chinese "Osprey", WZ-8, GJ-11 and CH-7.

"Providing a new and illuminating look at 27 women who've changed the world, *Dead Feminists* ties these historical women and the challenges they faced into the most important issues of today. Based on the cult-following limited edition *Dead Feminists* letterpress poster series by illustrator Chandler O'Leary and letterpress artist Jessica Spring, the book combines new art and lettering, archival photographs and ephemera, and revisits the original poster to tell each woman's story. Each chapter is a call to action (Protect, Make, Grow, Teach, Lead, Tell, Share, Play), and shows how the women exemplified that quality in their own ways. This book takes feminist inspiration to a new level of artistry and shows how ordinary and extraordinary women have made a difference throughout history (and how you can too!)"--
