Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

When Dr. Philip Taiwo is called on by a powerful Nigerian politician to investigate the public torture and murder of three university students in remote Port Harcourt, he has no idea that he’s about to be enveloped by a perilous case that is far from cold. Philip is not a detective. He’s an investigative psychologist, an academic more interested in figuring out the why of a crime than actually solving it. But when he steps off the plane and into the dizzying frenzy of the provincial airport, he soon realizes that the murder of the Okriki Three isn’t as straightforward as he thought. With the help of his loyal and streetwise personal driver, Chika, Philip must work against those actively conspiring against him to parse together the truth of what happened to these students. A thrilling and atmospheric mystery, and an unforgettable portrait of the contemporary Nigerian sociopolitical landscape, Lightseekers is a wrenching novel tackling the porousness between the first and third worlds, the enduring strength of tribalism and homeland identity, and the human need for connection in the face of isolation.
