**Images of the Other in Ethnic Caricatures of Central and Eastern Europe** Dagnosław Demski,2010 The book *Images of the Other in Ethnic Caricatures of Central and Eastern Europe* contains 16 articles and over 100 graphics namely ethnic caricatures. It presents work of scientists from Central and Eastern Europe focusing in their texts on data also from that region. Contributors of the volume represent various scientific disciplines and thus various approaches. In the book one can find theoretical articles as well as particular interpretations of visual data. *Images of the Other in Ethnic Caricatures* is the first such detailed study on nineteenth- and early twentieth- century ethnic caricatures from Central and Eastern Europe. However the aim of editors of the volume was not to introduce to the readers all-encompassing analysis of those pictures, but rather to make an attempt of deconstructing stereotypes existing behind pictures and depicted in those graphics. The general aim of the volume is to start a discussion on ethnic caricatures, their perceiving and their function and not to give final solutions for studying it

*Science Fiction and the Prediction of the Future* Gary Westfahl, ,Wong Kin Yuen,2011-02-21 Science fiction has always challenged readers with depictions of the future. Among the texts and topics examined are classic stories by Murray Leinster, C. L. Moore, and Cordwainer Smith; 2001: A Space Odyssey and its sequels, Japanese anime and Hong Kong cinema; and electronic fiction.

Twin Planets Philip E. High,2011-09-29 Earth and Firma were twin planets - mirror worlds in a single time-track. Now Firma was halted in its rotation around the sun by the Aliens. Unless Denning and Liston, twin humans, could destroy the Aliens and get Firma moving again, Earth would some day repeat Firma's tragedy and be burned to a cinder. The Aliens had an incredible array of weapons at their disposal. Denning and Liston had only their courage and their brains.

**Agent of Chaos** Norman Spinrad,2011-09-29 The Great Tyrant rules the solar system with absolute terror. Only one man dares to fight back. The time is the 24th century. Humankind populates the entire solar system from icy Pluto to boiling Mercury. Great domed cities, humming factories, hordes of workers, all feed the power of the dictatorship that controls all life. Only a small group among the cowed population dares rebel in a struggle that pits democracy against tyranny. But there is a third force at work as well. A mysterious band of assassins whose final solution to the problem of humanity's fate is as terrifying as it is irresistible - one of them is known as the AGENT OF CHAOS.

**The Life and Pontificate of Leo the Tenth** William Roscoe,

*A View of the Views about Hamlet* Albert Harris Tolman,1973

**The Jewels of Aptor** Samuel Delany,2018-01-30 What was the strange impetus that drove a group of four widely different humans to embark on a fear-filled journey across a forbidden sea to a legendary land? This was Earth still, but the Earth of a future terribly changed after a planet-searing disaster, a planet of weird cults, mutated beasts, and people who were not always entirely human. As for the four who made up that questing party, they included a woman who was either a goddess, a witch, or both, a four-armed boy whose humanity was open to question, and two more men with equally wild talents. The story of their voyage, of the power-wielding jewels they sought, of the atomic and post-atomic terrors they encountered, is a remarkable science-fiction Odyssey of the days to come.

**Jirel of Joiry** C.L. Moore,2015-11-20 For fans of Red Sonja and Xena the Warrior Princess, a collection of five fantasy stories starring a mighty and powerful female warrior. The 1930s heralded the arrival of C.L. Moore, one of the pioneering women writers of speculative fiction, and the appearance of fantasy’s landmark female hero: Jirel of Joiry. With her red hair flowing, her yellow eyes glinting like embers, and her face streaked with blood, Jirel is strong, fearless, and driven by honor. Her legendary debut, Black God’s Kiss, begins as her castle, Joiry, is overrun by invaders, but knowing that this is one battle she cannot fight, she summons her courage and cunning and descends into the castle’s hidden reaches, where she crosses through a doorway into Hell itself... Jirel of Joiry collects the classic tales of blood and vengeance that secured C.L. Moore’s place among legendary authors of sword and sorcery like Robert E. Howard and Edgar Rice Burroughs. Originally published in the magazine Weird Tales, Moore’s fantastic tales of warriors, gods, and magic are defined by a fierce, romantic vision that helped define the genre, earning her the title of Grand Master for lifetime achievement by the World Fantasy Convention. Includes “Black God’s Kiss,” “Black God’s Shadow,” “Jirel Meets Magic,” “The Dark Land,” and “Hellsgarde.” “One of the best authors of her era.... The stories are engaging and well written, and the central character, who is headstrong and passionate, is more than compelling....
