After the Revolution Robert Evans,2022-05-10 What will the fracturing of the United States look like? After the Revolution is an edge-of-your-seat answer to that question. In the year 2070, twenty years after a civil war and societal collapse of the old United States, extremist militias battle in the crumbling Republic of Texas. As the violence spreads like wildfire and threatens the Free City of Austin, three unlikely allies will have to work together in an act of resistance to stop the advance of the forces of the white Christian ethnostate known as the Heavenly Kingdom. Out three protagonists include Manny, a fixer that shuttles journalists in and out of war zones and provides footage for outside news agencies. Sasha is a teenage woman that joins the Heavenly Kingdom before she discovers the ugly truths behind their movement. Finally, we have Roland: A US Army vet kitted out with cyberware (including blood that heals major trauma wounds and a brain that can handle enough LSD to kill an elephant), tormented by broken memories, and 12,000 career kills under his belt. In the not-so-distant world Evans conjures we find advanced technology, a gender expansive culture, and a roving Burning Man-like city fueled by hedonistic excess. This powerful debut novel from Robert Evans is based on his investigative reporting from international conflict zones and on increasingly polarized domestic struggles. It is a vision of our very possible future.

The Phoenix Exultant John C. Wright,2007-04-01 And now *The Phoenix Exultant*, a second epic novel of an heroic quest in a far future world of super-science from an important new talent. The *Phoenix Exultant* is a continuation of the story begun in *The Golden Age* and, like it, a grand space opera in the tradition of Jack Vance and Roger Zelazny (with a touch of Cordwainer Smith-style invention). At the conclusion of the first book, Phaethon of Radamanthus House, was left an exile from his life of power and privilege. Now he embarks upon a quest across the transformed solar system--Jupiter is a second sun, Mars and Venus terraformed, humanity immortal--among humans, intelligent machines, and bizarre life-forms, to recover his memory, to regain his place in society and to move that society away from stagnation and toward the stars. And most of all Phaethon's quest is to regain ownership of the magnificent starship, the *Phoenix Exultant*, the most wonderful ship ever built, and to fly her to the stars. It is an astounding story of super-science, a thrilling wonder story that recaptures the verve of SF's Golden Age writers *The Phoenix Exultant* is a suitably grand and stirring fulfillment of the promise shown in *The Golden Age* and confirms John C. Wright as a major new talent in the field. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Raised from infancy within the Psi Corps, Alfred Bester was a telepath of exceptional ability, determined to make his mark by transforming himself into a master of deceit. Schooled in hate but tormented by shards of conscience, he wrestled with the seductiveness of the sinister cause he served. But slowly stripped of humanity by the war between decency and betrayal, he surrendered his soul--and rose to become the most dreaded figure of his time . . .
