Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Pentagon Wars James G Burton,2014-02-15 From the late 1960s through the mid-1980s, a small band of military activists waged war against corruption in the Pentagon, challenging a system they believed squandered the public's money and trust. The book examines the movement and its proponents and describes how the system responded to the criticisms and efforts to change accepted practices and entrenched ways of thinking. The author, an air force colonel and part of the movement, worked in the pentagon for fourteen years. He presents a view of the Department of Defense

that only an insider could offer. He exposes serious flaws in the military policy-making process, particularly in weapons development and procurement. The details he gives on the unrelenting push for high-tech weapons, despite their ineffectiveness and extraordinary cost-overruns, provide a strong case for the charge of ethical bankruptcy. The second half of the book deals with the author's attempts to get frontline equipment tested under combat conditions. For the first time, readers learn the nasty details of his battle with the army over line-fire testing of the Bradley Fighting Vehicle—a battle that he eventually won, leading to the personnel carrier's redesign and the saving of many lives. Never reluctant to name names and reveal details, James G. Burton presents a forceful case. And his revelations offer insights not found elsewhere into the motivations and actions of the people who wield power from within. Nor does he stop at the walls of the Pentagon. In his epilogue he tells what happened in the field during the final hours of the Gulf War that allowed Hussein's elite Republican Guard to escape. Now back in print after having inspired a feature HBO film, this explosive account of insider corruption is sure to serve policy-makers for generations to come.

A Cyclopædia of Canadian Biography Various, 2019-12-11 A Cyclopædia of Canadian Biography: Brief biographies of persons distinguished in the professional, military and political life, and the commerce and industry of Canada, in the twentieth century by various and edited by Hector Willoughby Charlesworth had the aim to give recognition of the emergence of Canada from colonial territory to something like a national status by recording something of the achievements of those who had contributed to the intellectual, industrial and commercial growth of the country, as well as of its political leaders. Many of the people in this book are woefully under-appreciated, thus this book has attempted to bring these important historical figures to light.

While they vary in length, significance, quality, genre, moral character, country, and format, each of the cited works adopts some form of Bram Stoker's original creation, and Dracula himself, or a recognizable vampiric semblance of Dracula, appears in each. The book includes contributions from Dacre Stoker, David J. Skal, Laura Helen Marks, Dodd Alley, Mitch Frye, Ian Holt, Robert Eigheten-Bisang, and J. Gordon Melton.

That Winter Pamela Gillilan, 1986 Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem Come Away after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection That Winter (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

Leaves of Grass Susan Belasco,Ed Folsom,Kenneth M. Price,2007-01-01 This comprehensive volume celebrates the 150th anniversary of the 1855 edition of Walt Whitman's Leaves of Grass with twenty essays by preeminent scholars representing a variety of critical perspectives that focus exclusively on the original edition. Once regarded as primarily a collector's item, this edition is now viewed as the poet's most bold and compelling articulation of the possibilities of American democracy. The essays weave a rich tapestry of the most current, innovative criticism on this foundational book of American poetry. The contributors treat Whitman's poetry, his biography, his politics, his reception in the United States and abroad, race and ethnic issues, nineteenth-century America, and even the complex typographical history of the first edition of Leaves of Grass. The volume also includes a tribute from the renowned poet Galway Kinnell.

Novaja žurnalistika i antologija novoj žurnalistiki Tom Wolfe,1990 This is a 1973 anthology of journalism edited by Tom Wolfe and E. W. Johnson. The book is both a manifesto for a new type of journalism by Wolfe, and a collection of examples of New Journalism by American writers, covering a variety of subjects from the frivolous (baton twirling competitions) to the deadly serious (the Vietnam War). The pieces are notable because they do not conform to the standard dispassionate and even-handed model of journalism. Rather they incorporate literary devices usually only found in fictional works.
