[Faces of the Gone](#) Brad Parks 2009-12-08 Four bodies, each with a single bullet wound in the back of the head, stacked like cordwood in a weed-choked vacant lot: That's the front-page news facing Carter Ross, investigative reporter with the Newark Eagle-Examiner. Immediately dispatched to the scene, Carter learns that the four victims--an exotic dancer, a drug dealer, a hustler, and a mama's boy--came from different parts of the city and didn't seem to know one another. The police, eager to calm jittery residents, leak a theory that the murders are revenge for a bar stickup, and Carter's paper, hungry for a scoop, hastily prints it. Carter doesn't come from the streets, but he understands a thing or two about Newark's neighborhoods. And he knows there are no quick answers when dealing with a crime like this. Determined to uncover the true story, he enlists the aide of Tina Thompson, the paper's smoking-hot city editor, to run interference at the office; Tommy Hernandez, the paper's gay Cuban intern, to help him with legwork on the streets; and Tynesha Dales, a local stripper, to take him to Newark's underside. It turns out that the four victims have one connection after all, and this knowledge will put Carter on the path of one very ambitious killer. Faces of the Gone by Brad Parks won the Shamus Award for Best First Novel and the Nero Award for Best American Mystery--it is the first book to receive both awards. The book was named to lists of the year's best mystery debuts by the Chicago Sun-Times and South Florida Sun-Sentinel.

[Tobacco Culture](#) T. H. Breen 2009-12-13 The great Tidewater planters of mid-eighteenth-century Virginia were fathers of the American Revolution. Perhaps first and foremost, they were also anxious tobacco farmers, harried by a demanding planting cycle, trans-Atlantic shipping risks, and their uneasy relations with English agents. George Washington, Thomas Jefferson, and their contemporaries lived in a world that was dominated by questions of debt from across an ocean but also one that stressed personal autonomy. T. H. Breen's study of this tobacco culture focuses on how elite planters gave meaning to existence. He examines the value-laden relationships--found in both the fields and marketplaces--that led from tobacco to politics, from agrarian experience to political protest, and finally to a break with the political and economic system that they believed threatened both personal independence and honor.

[Nauvoo](#) Robert Bruce Flanders 1965 A history of what became a romantic legend about a martyred prophet, a lost city, and religious persecution, this volume tells the story of Nauvoo, the early Mormon Church, and the temporal life of Joseph Smith. Nauvoo (1839-46) was a critical period in Mormon history. The climax of Smith's career and the start of Brigham Young's, it was here that Utah really had it's beginnings and that the pattern of Mormon society in the West was laid. "...the quality and quantity of research is commendable... an excellent contribution to American mid-western history and to Mormoniana in general." -- Journal of American History

[Viet Rock](#) Megan Terry 2017-12-11 Through the use of dialogue, music, chant, dance, pantomime, and image, the play satirizes attitudes toward the Vietnam war. It attempts to present the very complicated, tragic, and helplessly divided atmosphere that prevailed in America, and to look at hapless emotions in a hopelessly complex mythology of war. With the technique of "transformations" the play unfolds. People change from flowers to individuals to machines, from one character to another, from character into actor into bystander and back to character or abstract image or comment; women change to men and back to women again. Americans change into Vietnamese into Viet Cong and back to American soldiers. The line of the play follows several soldiers from birth, to induction, to indoctrination, to overseas, to battle, to fraternization, and to death. Along the way we meet their mothers, their instructors, their superiors, their elected officials, their friends and their enemies, their tormentors and finally their ghosts. A strong ensemble spirit emerges via the actors' technique and interaction with one another and with the audience. The form of the play is constructed so as to manifest the reality of theatre--not as a replica of or comment upon life but as a part of life--and thus restore its urgency and relevance. ..".the best new

play since THE BRIG and THE CONNECTION...the theme and scope the variety and density of VIET ROCK would have excited Brecht." Richard Schechner, T D R "VIET ROCK vividly expressed is a breakthrough...extraordinary on at least two counts. It is the first realized theatrical statement about the Vietnam war...and a rare instance of theater confronting issues broader than individual psychology...I would like to assert my admiration." Michael Smith, Village Voice "Wild...an acid indictment...ensemble acting effects that have to be seen to be believed...VIET ROCK has been brilliantly staged, these Open Theater types are contributing something new to the concept and technique of stagecraft."
