Titan #1: Taking Wing Michael A. Martin, Andy Mangels, 2005-04-01 William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade

of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

Microserfs Douglas Coupland,2011-06-21 From the era-defining author of *Generation X* comes a novel of overworked coders who escape the serfdom of Bill Gates to forge their own path. They are Microserfs—six code-crunching computer whizzes who spend upward of sixteen hours a day “coding” and eating “flat” foods (food which, like Kraft singles, can be passed underneath closed doors) as they fearfully scan company e-mail to learn whether the great Bill is going to “flame” one of them. But now there’s a chance to become innovators instead of cogs in the gargantuan Microsoft machine. The intrepid Microserfs are striking out on their own—living together in a shared digital flophouse as they desperately try to cultivate well-rounded lives and find love amid the dislocated, subhuman whirl and buzz of their computer-driven world.

When the Sparrow Falls Neil Sharpson,2021-06-29 Life in the Caspian Republic has taught Agent Nikolai South two rules. Trust No One. And work just hard enough not to make enemies. Here, in the last sanctuary for the dying embers of the human race in a world run by artificial intelligence, if you stray from the path—your life is forfeit. But when a Party propagandist is killed—and is discovered as a “machine”—he’s given a new mission: chaperone the widow, Lily, who has arrived to claim her husband’s remains. But when South sees that she, the first “machine” ever allowed into the country, bears an uncanny resemblance to his late wife, he’s thrown into a maelstrom of betrayal, murder, and conspiracy that may bring down the Republic for good. *WHEN THE SPARROW FALLS* illuminates authoritarianism, complicity, and identity in the digital age, in a page turning, darkly-funny,

frightening and touching story that recalls Philip K. Dick, John le Carré and Kurt Vonnegut in equal measure. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Hayward's Reach Thaddeus Howze, 2011-12 Hayward's Reach is a series of short stories told by the last survivor after an unexpected cataclysm destroys the birthplace of Pan-Humanity and its attendant species. Glendale Mokoto, now as a Scout of the Corvan Empire which rescued the remnants of Pan-humanity, has time on his hands and uses it to study temporal records in which the entire history of Old Earth is embedded. Looking through time and space he reminisces about an Earth that no longer exists. In these tales, Mokoto studies both the past and the future of Pan-Humanity, its allies and enemies, and learns even in his current state of in-humanity what it really means to be truly human. Hayward's Reach is divided into four sections: The Fables of Old Earth: Stories about humans as we might remember them still struggle for survival against a world which only seems to be under their control; instead a hidden reality is just beyond the sight of these early humans, a reality which affects the ultimate destiny of the species. A Time of Troubles: The quest for wealth and power affects the choices of both man and god alike. Dark pacts are often made in order to satisfy avarice and the innocent are its first victims. Entering the Penumra: Tales of the darkest nature; a descent into depravity, deprivation and destruction. Each tale reinforcing the horror of the last. But even in this time, a single hope always flickers, a voice brave enough to claim victory, at least some of the time... The Diaspora of Earth: the final tales of the Human species after the destruction of Earth. Six adventures of Pan-Humanity's struggles in a hostile universe, more alien than they imagined with creatures whose powers are only hinted at, capable of altering matter and energy which hint at even recreating the Earth, for a price

Galaxy Quest is a 1999 cult classic science fiction comedy film. A parody of, and homage to, science-fiction films and series, especially Star Trek and its fandom, the film stars Tim Allen, Sigourney Weaver, Alan Rickman, Tony Shalhoub, Sam Rockwell, and Daryl Mitchell. It depicts the cast of a fictional defunct cult television series,

Galaxy Quest, who are visited by actual aliens who think the series is an accurate documentary, and become involved in a very real intergalactic conflict. The film was positively received by critics: it won the Hugo Award for Best Dramatic Presentation (an award won by the original Star Trek series in the 1960s) and the Nebula Award for Best Script. It was also nominated for 10 Saturn Awards, including Best Science Fiction Film and Best Director for Parisot, Best Actress for Weaver, and Best Supporting Actor for Rickman, with Allen winning Best Actor. Tales of the Dominion War Keith R. A. DeCandido, 2012-08-14 The Dominion War -- as seen in seasons 5, 6 and 7 of Star Trek: Deep Space Nine -- introduced a major story arc to the Star Trek universe and brought the Federation closer than it had ever been to total annihilation. Against a background of conflict and chaos, alliances were made and broken, ideals compromised for the sake of survival, fortunes shifted and lives irrevocably shattered as the series explored the impact of war on combatant and civilian alike. It took countless lives and numerous acts of heroism and sacrifice on the part of many people -- human and Klingon, Bajoran and Romulan; yes, and Cardassian too -- to save the day and neutralize the threat of the Dominion. Now top Star Trek authors present twelve new stories of those whose courage helped to win the war, among them Captain Picard from Star Trek: The Next Generation and Captain Calhoun from Star Trek: New Frontier. Featured authors include Greg Cox, Peter David, Kevin Dilmore, Michael Jan Friedman, Dave Galanter, Robert Greenberger, Heather Jarman, Jeffrey Lang, David Mack, Andy Mangels, Michael A. Martin, Josepha Sherman, Susan Schwartz, Dayton Ward and Howard Weinstein.
