**The Big Blue Eggventure** Decaan Downs 1997-07-01 A big, blue egg is rolling through Mount Oread and Jayhawk fans are cheering. Find out what all the eggcitement is about as KU fans of all ages celebrate the birth of Baby Jay.
**Nihongi** 2011-07-12 Nihongi: Chronicles of Japan from the Earliest Times to A.D. 697, often called the Nihonshoki, is one of Japan’s great classics of literature. Regarded as one of the seminal original authorities on the mythology and ancient history of Japan, it remains as fresh today as when it was written in the eighth century. It provides a vivid picture of a nation in formation. In the Nihongi, we see the growth of national awareness following the assimilation of Buddhism and the general Chinese and Indian influence on Japanese culture. Before its history stretch the mysterious archaeological ages of Jomon and Yayoi. From the first chapter, “The Age of the Gods,” the fantastic world of ancient Japan is laid before us. Ritual myth and superstition meet with bare feet and folk custom. Strong emotions and conflict are seen surging in Japan’s antiquity. Few historical documents are as “human” as the Nihongi. For a thousand years, emperors, scholars, courtiers, and imperial historians have found in the Nihongi knowledge and guidance. It remains a key to early Japan, a gateway to the actual old Japan. The translator of the Nihongi, William George Aston, pioneered the translation of Japanese into English.

**Act Against Unjustifiable Premiums and Misleading Representations (Japan) (2018 Edition)** The Law The Law Library 2018-10-23 Act against Unjustifiable Premiums and Misleading Representations (Japan) (2018 Edition) Updated as of October 23, 2018 This book contains: - The complete text of the Act against Unjustifiable Premiums and Misleading Representations (Japan) (2018 Edition) - A table of contents with the page number of each section

**Webster’s New World Hacker Dictionary** Bernadette Hlubik Schell 2006-09-05 Defines over eight hundred terms, including legal cases and people, related to computer hacking and computer security; provides a chronology of events related to hacking; and describes the ways in which hackers work.

**A Concise History of Japan** Brett L. Walker 2015-02-26 To this day, Japan’s modern ascendancy challenges many assumptions about world history, particularly theories regarding the rise of the west and why the modern world looks the way it does. In this engaging new history, Brett L. Walker tackles key themes regarding Japan’s relationships with its minorities, state and economic development, and the uses of science and medicine. The book begins by tracing the country’s early history through archaeological remains, before proceeding to explore life in the imperial court, the rise of the samurai, civil conflict, encounters with Europe, and the advent of modernity and empire. Integrating the pageantry of a unique nation’s history with today’s environmental concerns, Walker’s vibrant and accessible new narrative then follows Japan’s ascension from the ashes of World War II into the thriving nation of today. It is a history for our times, posing important questions regarding how we should situate a nation’s history in an age of environmental and climatological uncertainties.

*The Encyclopedia of Contemporary Japanese Culture* Sandra Buckley 2009 This encyclopedia covers culture from the end of the Imperialist period in 1945 right up to date to reflect the vibrant nature of contemporary Japanese society and culture.

**Plausible Denial** Mark Lane 2011-11-01 The assassination of President Kennedy in 1963 continues to be shrouded in mystery and controversy. In Plausible Denial, Mark Lane, the author of Rush to Judgment, the provocative and bestselling critique of the Warren Commission, reveals startling evidence about the CIA’s involvement in a plot to murder the president. In 1978, when a small magazine ran a story by CIA renegade Victor Marchetti linking ex-CIA operative and convicted Watergate burglar E. Howard Hunt to the assassination, Hunt sued for defamation. Lane signed on as defense counsel for the publication, and set out to prove the truth of the allegations against Hunt and the CIA. Lane’s investigation uncovered a web of conspiracy that involved anti-Castro Cubans, Watergate conspirators, and public officials at the highest levels of the intelligence community. The forewoman of the jury, Leslie Armstrong, stated that “Mr. Lane was asking us to do something very difficult. He was asking us to believe that John Kennedy had been killed by our own government. Yet when we examined the evidence, we were compelled to conclude that the CIA had indeed killed President Kennedy.” Meticulously documented and compellingly written, this book makes public the contents of this curiously unpublicized trial, the only jury verdict directly related to the theory that the CIA was involved in the assassination.

**Guide to Time Management** Michael Dutch 2021-09-21

**Joe Hisaishi’s Soundtrack for My Neighbor Totoro** Kunio Hara 2020-02-06 My Neighbor Totoro is a long-standing international icon of Japanese pop culture that grew out of the partnership between the legendary animator Miyazaki Hayao and the world-renowned composer Joe Hisaishi. A crucial step in the two artists’ collaboration was the creation of the album, My Neighbor Totoro: Image Song Collection, with lyrics penned by Miyazaki and Nakagawa Rieko, a famed children’s book author, and music composed by Hisaishi. The album, released in 1987 prior to the opening of the film, served not only as a promotional product, but also provided Miyazaki with concrete ideas about the characters and the themes of the film. This book investigates the extent to which Hisaishi’s music shaped Miyazaki’s vision by examining the relationship between the images created by Miyazaki and the music composed by Hisaishi, with special emphasis on their approaches to nostalgia, one of the central themes of the film.

*International Business* Simon Collinson 2006

**Pinocchio, the Tale of a Puppet** Carlo Collodi 2011-02 Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy.As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy.Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children’s literature and has spanned many derivative works of art. But this is not the story we’ve seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

*Sharing a House with the Never-Ending Man* Steve Alpert 2020-06-16 A highly entertaining memoir describing what it was like to work for Japan’s premiere animation studio, Studio Ghibli, and its reigning genius Hayao Miyazaki. A behind-the-scenes look at what it’s like for a gaijin (foreigner) to work in a thoroughly Japanese organization run by four of the most famous and culturally influential people in modern Japan.

**The Architecture of Edwin Maxwell Fry and Jane Drew** Iain Jackson 2016-03-16 Maxwell Fry and Jane Drew were pioneers of Modern Architecture in Britain and its former colonies from the late 1920s through to the early 1970s. As a barometer of twentieth century architecture, their work traces the major cultural developments of that century from the development of modernism, its spread into the late-colonial arena and finally, to its re-evaluation that resulted in a more expressive, formalist approach in the post-war era. This book thoroughly examines Fry and Drew’s highly influential ‘Tropical Architecture’ in West Africa and India, whilst also discussing their British work, such as their post World War II projects for the Festival of Britain, Harlow New Town, Pilkington Brothers’ Headquarters and Coychurch Crematorium. It highlights the collaborative nature of Fry and Drew’s work, including schemes undertaken with Elizabeth Denby, Walter Gropius, Denys Lasdun, Pierre Jeanneret and Le Corbusier. Positioning their architecture, writing and educational endeavours within a wider context, this book illustrates the significant artistic and cultural contributions made by Fry and Drew throughout their lengthy careers.

**Twelve Years a Slave** Solomon Northup 2021-01-01 ‘Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public.” an excerpt
*Strategic Business Models* Frederick Betz 2018-10-11 As strategic business models are important to understand the transformative operations of an enterprise system, for present and future competitiveness, Betz’s exploration into both manufacturing and financial firms, along with retailing firms and conglomerates, broadens the business literature.

**The Oxford Companion to Beer** Garrett Oliver 2011-09-09 "Features more than 1,100 A-Z entries written by 166 of the world’s most prominent beer experts” --Provided by publisher.

**Superconnector** Scott Gerber 2018-02-27 Abandon the networking-for-networking’s-sake mentality in favor of a more powerful and effective approach to creating and enhancing connections.STOP NETWORKING. Seriously, stop doing it. Now. It is time to ditch the old networking-for-networking’s-sake mentality in favor of a more powerful and effective approach to creating and enhancing connections. In Superconnector, Scott Gerber and Ryan Paugh reveal a new category of professionals born out of the social media era: highly valuable community-builders who make things happen through their keen understanding and utilization of social capital. Superconnectors understand the power of relationship-building, problem-solve by connecting the dots at high levels, and purposefully cause different worlds and communities to interact with the intention of creating mutual value. How can you become a Superconnector? Gerber and Paugh share instructive anecdotes from a who’s who roster of high achievers, revealing how to systematically manage a professional community and maximize its value. Of utmost importance is practicing Habitual Generosity, acting on the knowledge that your greatest returns come when you least expect them, and that by putting others’ needs first the good karma will flow back to you tenfold. Gerber and Paugh also explore winning strategies such as The Art of Selectivity, a well-honed ability to define which relationships matter most for you and decide how you will maintain them over time. Full of helpful advice on how to communicate with anyone about anything, Google-proof your reputation, and much more, Superconnector is a must-read for those seeking personal and business success.

*Beyond Voluntarism* 2002 Content.

**Dogs and Demons** Alex Kerr 2002-02-10 The crises--and failures--of modernization in Japan, as seen up close by a resident expert Japan is a nation in crisis, and the crisis goes far beyond its well-known economic plight. In Dogs and Demons, Alex Kerr chronicles the crisis on a broad scale, from the failure of Japan’s banks and pension funds to the decline of its once magnificent modern cinema. The book takes up for the first time in the Western press subjects such as the nation’s endangered environment--its seashores lined with concrete, its roads leading to nowhere in the mountains. It describes Japan’s "monument frenzy," the destruction of old cities such as Kyoto and construction of drab new cities, and the attendant collapse of the tourist industry. All these unhealthy developments are, Kerr argues, the devastating boomerang effect of an educational and bureaucratic system designed to produce manufactured goods--and little else. A mere upturn in economic growth will not quickly remedy these severe internal problems, which Kerr calls a "failure of modernism." He assails the foreign experts who, often dependent on Japanese government and business support, fail to address these issues. Meanwhile, what of the Japanese people themselves? Kerr, a resident of Japan for thirty-five years, writes of them with humor and passion, for "passion," he says, "is part of the story. Millions of Japanese feel as heartbroken at what is going on as I do. My Japanese friends tell me, "Please write this--for us."

**Confident Introvert** Stephanie Thoma 2020-06-15 Networking doesn’t have to feel like a sales-focused event where you’re using people to get ahead. Create meaningful connections, easily strike up genuine conversations, and dazzle people with your natural charm. In Confident Introvert, Stephanie Thoma shows you the key steps you’ll need to take to unlock your potential and win at networking. Within these pages, you’ll discover strategies that go beyond collecting business cards to find your natural confidence and connect with anyone.

**Infrastructure Investment in Indonesia: A Focus on Ports** Colin Duffield 2019-11-10 Infrastructure Investment in Indonesia: A Focus on Ports presents an important and original collation of current material investigating the efficient facilitation of major infrastructure projects in Indonesia and Australia, with an emphasis on infrastructure investment and a focus on port planning and development. This interdisciplinary collection—spanning the disciplines of engineering, law and planning—draws helpfully on a range of practical and theoretical perspectives. It is the collaborative effort of leading experts in the fields of infrastructure project initiation and financing, and is based on international research conducted by the University of Melbourne, Universitas Indonesia and Universitas Gadjah Mada. The volume opens with a macroscopic perspective, outlining the broader economic situations confronting Indonesia and Australia, before adopting a more microscopic perspective to closely examine the issues surrounding major infrastructure investment in both countries. Detailed case studies are provided, key challenges are identified, and evidence-based solutions are offered. These solutions respond to such topical issues as how to overcome delays in infrastructure project initiation; how to enhance project decision-making for the selection and evaluation of projects; how to improve overall efficiency in the arrangement of project finance and governance; and how to increase the return provided by investment in infrastructure. Special focus is given to proposed improvements to the portal cities of Indonesia in the areas of major infrastructure

project governance, policies, engagement, operation and processes. By rigorously investigating the economic, transport, finance and policy aspects of infrastructure investment, this book will be a valuable resource for policy makers and government officials in Indonesia and Australia, infrastructure investment organisations, and companies involved in exporting services between Indonesia and Australia. This book will also be of interest to researchers and students of infrastructure planning and financing, setting a solid foundation for subsequent investigations of financing options for large-scale infrastructure developments.

**The art of neighbouring** Marting Saxer 2016-11-18 For the nations on its borders, the rapid rise of China represents an opportunity-but it also brings worry, especially in areas that have long been disputed territories of contact and exchange. This book gathers contributors from a range of disciplines to look at how people in those areas are actively engaging in making relationships across the border, and how those interactions are shaping life in the region-and in the process helping to reconfigure the cultural and political landscape of post-Cold War Asia.

*The Australian Official Journal of Trademarks* 1907

**Honest to Greatness** Peter Kozodoy 2020-08-11 In today’s hyper-transparent world, consumers have enormous power to decide which brands are worth their time and money—so how do you make sure they choose yours? Unfortunately, most leaders and organizations are stuck following archaic, detrimental business practices. Meanwhile, savvy consumers and employees across every generation are making their stance perfectly clear: They are not interested in supporting organizations that seem inauthentic, soulless, or untrustworthy. In this environment, only the honest will survive. In Honest to Greatness, serial Inc. 5000 entrepreneur Peter Kozodoy shows how today’s greatest business leaders use honesty—not as a touchy-feely core value, but as a business strategy that produces game-changing, industry-dominating success. Through case studies and interviews with leaders at Bridgewater Associates, Sprint, Quicken Loans, Domino’s, The Ritz-Carlton, and more, Kozodoy presents fresh business concepts that anyone in the workplace can implement in order to: • Reach, engage, and retain your best customers • Attract and inspire the best talent in any industry • Create an unbeatable culture of innovation that dominates your competitors • Earn your team’s respect and loyalty • Unlock deep personal fulfillment by setting the “right” goals Filled with powerful lessons for current and future leaders, this timely book demonstrates how to use honesty at both the organizational and individual level to achieve true greatness in business and in life.

**Ball Four** Jim Bouton 2012-03-20 The 50th Anniversary edition of “the book that changed baseball” (NPR), chosen by Time magazine as one of the “100 Greatest Non-Fiction” books. When Ball Four was published in 1970, it created a firestorm. Bouton was called a Judas, a Benedict Arnold, and a “social leper” for having violated the “sanctity of the clubhouse.” Baseball commissioner Bowie Kuhn tried to force Bouton to sign a statement saying the book wasn’t true. Ballplayers, most of whom hadn’t read it, denounced the book. It was even banned by a few libraries. Almost everyone else, however, loved Ball Four. Fans liked discovering that athletes were real people—often wildly funny people. David ~~hibit~~*Bigam*, who won a Pulitzer for his reporting on Vietnam, wrote a piece in Harper’s that said of Bouton: “He has written . . . a book deep in the American vein, so deep in fact that it is by no means a sports book.” Today Ball Four has taken on another role—as a time capsule of life in the sixties. “It is not just a diary of Bouton’s 1969 season with the Seattle Pilots and Houston Astros,” says sportswriter Jim Caple. “It’s a vibrant, funny, telling history of an era that seems even further away than four decades. To call it simply a ‘tell all book’ is like describing The Grapes of Wrath as a book about harvesting peaches in California.” Includes a new foreword by Jim Bouton’s wife “An irreverent, best-selling book that angered baseball’s hierarchy and changed the way journalists and fans viewed the sports world.” –The Washington Post

Andrew Ross Sorkin 2010-09-07 Brand New for 2018: an updated edition featuring a new afterword to mark the 10th anniversary of the financial crisis The brilliantly reported New York Times bestseller that goes behind the scenes of the financial crisis on Wall Street and in Washington to give the definitive account of the crisis, the basis for the HBO film “Too Big To Fail is too good to put down. . . . It is the story of the actors in the most extraordinary financial spectacle in 80 years, and it is told brilliantly.” —The Economist In one of the most gripping financial narratives in decades, Andrew Ross Sorkin—a New York Times columnist and one of the country’s most respected financial reporters—delivers the first definitive blow-by-blow account of the epochal economic crisis that brought the world to the brink. Through unprecedented access to the players involved, he re-creates all the drama and turmoil of these turbulent days, revealing never-before-disclosed details and recounting how, motivated as often by ego and greed as by fear and self-preservation, the most powerful men and women in finance and politics decided the fate of the world’s economy.

**Life Behind Barbed Wire** Yasutaro Soga 2007-10-01 Yasutaro Soga’s Life behind Barbed Wire (Tessaku seikatsu) is an exceptional firsthand account of the incarceration of a Hawai’i Japanese during World War II. On the evening of the attack on Pearl Harbor, Soga, the editor of a Japanese-language newspaper, was arrested along with several hundred other prominent Issei ( Japanese immigrants) in Hawai’i. After being held for six months on Sand Island, Soga was transferred to an Army camp in Lordsburg, New Mexico, and later to a Justice Department camp in Santa Fe. He would spend just under four years in custody before returning to Hawai’i in the months following the end of the war. Most of what has been written about the detention of Japanese Americans focuses on the Nisei experience of mass internment on the West Coast—largely because of the language barrier immigrant writers faced. This translation, therefore, presents us with a rare Issei voice on internment, and Soga’s opinions challenge many commonly held assumptions about Japanese Americans during the war regarding race relations, patriotism, and loyalty. Although centered on one man’s experience, Life behind Barbed Wire benefits greatly from Soga’s trained eye and instincts as a professional journalist, which allowed him to paint a larger picture of those extraordinary times and his place in them. The Introduction by Tetsuden Kashima of the University of Washington and Foreword by Dennis Ogawa of the University of Hawai’i provide context for Soga’s recollections based on the most current scholarship on the Japanese American internment.

**Condorita!** Pepo 2005-09-06 Since he made his debut in 1949, the comic-strip character Condorito has delighted readers with his happy-go-lucky attitude and innocent troublemaking. Half man, half condor, Condorito is at the center of a world of ribald humor and endearing humility. This first book-length collection in English brings together the most popular of the Condorito comic strips. Whether you’re a devoted fan or have yet to make his acquaintance, you’ll laugh along with Condorito and an extended cast of characters, including his girlfriend, Yayita; his rival, Pepe; his neighbor, Coné; and Washington the dog. With this volume -- a celebration of Condorito’s enduring appeal -- you can relive his wickedly funny adventures time and again.

**Use Your Difference to Make a Difference** Tayo Rockson 2019-08-27 Become more culturally competent in an increasingly diverse world Recent years have seen dramatic changes to several institutions worldwide. Our increasingly interconnected, digitized, and globalized world presents immense opportunities and unique challenges. Modern businesses and schools interact with individuals and organizations from a diverse range of cultural and national backgrounds—increasing the likelihood for miscommunication, errors in strategy, and unintended consequences in the process. This has also spilled into our daily lives and the way we consume information today. Understanding how to navigate these and other pitfalls requires adaptability, nuanced cross-cultural communication, and effective conflict resolution. Use Your Difference to Make a Difference provides readers with a skills-based, actionable plan that transforms differences into agents of inclusiveness, connection, and mutual understanding. This innovative and timely guide illustrates how to leverage differences to move beyond unconscious biases, manage a culturally-diverse workplace, create an environment for more tolerant schooling environments, more trusted media, communicate across borders, find and retain diverse talent, and bridge the gap between working locally and expanding globally. Expert guidance on a comprehensive range of topics—teamwork, leadership styles, information sharing, delegation, supervision, giving and receiving feedback, coaching and motivation, recruiting, managing suppliers and customers, and more—helps you manage the essential aspects of international relationships and cultural awareness. This valuable resource contains the indispensable knowledge required to: Develop self-awareness needed to be a cross-cultural communicator Develop content, messaging techniques, marketing plans, and business strategies that translate across cultural borders Help your employees to better understand and collaborate with clients and colleagues from different backgrounds Help teachers build safe environments for students to be themselves Strengthen cross-cultural competencies in yourself, your team, and your entire organization Understand the cultural, economic, and political factors surrounding our world Use Your Difference to Make a Difference is a must-have resource for any educator, parent, leader, manager, or team member of an organization that interacts with co-workers and customers from diverse cultural backgrounds.

**The Traveller** 1795

**Financial Gatekeepers** Yasuyuki Fuchita 2007-02-01 Developed country capital markets have devised a set of institutions and actors to help provide investors with timely and accurate information they need to make informed investment decisions. These actors have become known as “financial gatekeepers” and include auditors, financial analysts, and credit rating agencies. Corporate financial reporting scandals in the United States and elsewhere in recent years, however, have called into question the sufficiency of the legal framework governing these gatekeepers. Policymakers have since responded by imposing a series of new obligations, restrictions, and punishments—all with the purpose of strengthening investor confidence in these important actors. F financial Gatekeepers provides an in-depth look at these new frameworks, especially in the United States and Japan. How have they worked? Are further refinements appropriate? These are among the questions addressed in this timely and important volume. Contributors include Leslie Boni (University of New Mexico), Barry Bosworth (Brookings Institution), Tomoo Inoue (Seikei University), Zoe-Vonna Palmrose (University of Southern California), Frank Partnoy (University of San Diego School of Law), George Perry (Brookings Institution), Justin Pettit (UBS), Paul Stevens (Investment Company Institute), Peter Wallison (American Enterprise Institute)

*Mining Journal* 1968

**Taipei 101** Georges Binder 2008 A monograph on the world’s tallest building, rising 101 stories above its surrounding environment.

**The Marking Enterprise** Jean-Claude Thoenig 2006-10-12 Based on their studies of successful firms, the authors highlight two main paths to success. As well as delivering a groundbreaking new analytical framework, they also provide practical advice to practitioners on avoiding pitfalls and taking decisions while elaborating their marking discipline.

**Networks and Mobilization Processes: The Case of the Japanese Anti-Nuclear Movement after Fukushima** Anna Wiemann 2018-05-14 Environmental disasters or other large-scale disruptive events often trigger the emergence of social movements demanding social and/or political change. This study investigates mobilization processes at the meso level of the Japanese anti-nuclear movement after the nuclear disaster at the Fukushima Daiichi nuclear power plant caused by the Great East Japan Earthquake and subsequent tsunami waves on March 11, 2011. To capture such meso level movement dynamics – which so far have played only a minor role in research on social movement mobilization – the study *presentsad* *Jap*nitical model based on premises from political process theory, network theory, and relational sociology. This model is then applied to the case of the Japanese anti-nuclear movement after Fukushima by looking at the relational dynamics of two coalitional movement networks engaged in advocacy-related activities in Tōkyō. The first case study is e-shift, a network-coalition working for nuclear phase-out and the promotion of renewable energy; the other is SHSK (Shienhō Shimin Kaigi), a coalition pushing for the rights of people affected by radioactive contamination and/or evacuation from contaminated areas. The study traces the mobilization processes of these two networks by analyzing data gathered in 2013 and 2014 in the form of participant observation of movement events, semi-structured interviews with movement organization representatives, and documentary data.

Frederik L. Schodt 2014-01-02 A classic work praised for its scope and intelligence, now in a gift edition for fans, with a new Foreword

**Mysterious Japan** Julian Street 1921

**Learning to Industrialize** Kenichi Ohno 2014-04-03 This book proposes a new, pragmatic way of approaching economic development which features policy learning based on a comparison of international best policy practices. While the important role of government in promoting private sector development is being recognized, policy discussion often remains general without details as to what exactly to do and how to avoid common pitfalls. This book fills the gap by showing concrete policy contents, procedures, and organizations adopted in high-performing East Asian economies. Natural resources and foreign aid and investment can take a country to a certain income level, but growth stalls when given advantages are exhausted. Economies will be caught in middle income traps if growth impetus is not internally generated. Meanwhile, countries that have soared to high income introduced mindset, policies, and institutions that encouraged, or even forced, accumulation of human capital – skills, technology, and knowledge. How this can be done systematically is the main topic of policy learning. However, government should not randomly adopt what Singapore or Taiwan did in the past. A continued march to prosperity is possible only when policy makers acquire capability to formulate policy suitable for local context after studying a number of international experiences. Developing countries wanting to adopt effective industrial strategies but not knowing where to start will benefit greatly by the ideas and hands-on examples presented by the author. Students of development economics will find a new methodological perspective which can supplement the ongoing industrial policy debate. The book also gives an excellent account of national pride and pragmatism exhibited by officials in East Asia who produced remarkable economic growth, as well as serious effort by an African country to emulate this miracle.

**Global Latinas** Lourdes Casanova 2009-02-27 \*Most of the research on multinationals has focused on companies from developed markets. Research on multinationals from emerging economies is relatively new and most of the attention has been focused on multinationals from Asia. Little research has been done on the internationalization strategies and challenges of Latin American multinationals. This book aims to fill this void. Studying Latin American multinationals will not only provide insights into specific strategies deployed by successful firms but will also identify best practices that can be employed by the next generation multinationals from emerging markets.” --Book Jacket.
