Bud Wilkinson and the Rise of Oklahoma Football John Scott 2021-10-14

At the end of World War II, the top ten college football teams were largely the same as they are today—with one exception: Oklahoma. In 1947, Bud Wilkinson was named OU's head football coach and became the architect of Oklahoma's meteoric rise from mediocrity to its present status as a perennial powerhouse. Based on interviews with Wilkinson, former OU president George L. Cross, and numerous former players, author John Scott gives us the behind-the-scenes story of Wilkinson's years at the University of Oklahoma. Scott takes us through the teams Wilkinson

directed from 1947 to 1963, revealing the philosophies and tactics Wilkinson used to turn OU into one of college football's elite programs. A close-up view of games—from strategy to execution—brings OU football and its cast of colorful characters to life. Scott details the Sooners' 47-game winning streak as well as thrilling games against Notre Dame, Army, USC, and others. He also provides details of Wilkinson's breaking of the color line in OU athletics and the infamous food-poisoning incident in Chicago in 1959. Before his death in 1994, Wilkinson reviewed the first draft of the book and wrote in a letter to the author, "The explanations of football strategies are concise and clear. They rank among the best I have

ever read.” Including vignettes of Wilkinson’s closest coaching friends (Royal, Bryant, Leahy, Sanders, Blaik, Tatum), Bud Wilkinson and the Rise of Oklahoma Football captures all the drama of Oklahoma’s ascendance and serves as an authoritative and entertaining history of the sport that will appeal to all college football fans.

Branding Bud David Paleschuck 2020-09-15 The United States cannabis industry is currently estimated to be a \$55 billion market. Everyone, it seems, wants a piece of it. Celebrities like Mike Tyson, Jim Belushi, and 2 Chainz have established cannabis brands alongside legacy names like Tommy Chong and the Marley family. But what makes a cannabis brand successful? What techniques are companies using to brand and market their products? What market segments have been established? Is prohibition in non-legal states limiting or fueling the demand? Never before

has a book been compiled on cannabis brands and the consumers they appeal to. In *Branding Bud*, David Paleschuck digs deep into this still-evolving industry to explore what small players and major conglomerates alike are doing to bring their products to the forefront of consumer awareness. The results may surprise you. *Branding Bud* breaks stereotypes and sheds light on how an underground commodity is evolving into a range of national brands, each with their own unique identity. The book is a must-read for entrepreneurs, investors, marketers, designers and anyone interested in the rapidly evolving cannabis industry.

Dear Jay, Love Dad Jay Wilkinson 2012-01-03 College football fans need no introduction to Bud Wilkinson, but few of them know the great University of Oklahoma football coach as a devoted father. In *Dear Jay, Love Bud*, Jay Wilkinson, Bud’s younger son, shares forty-seven letters his father wrote to him while he was in college and graduate school. Spanning the early to mid-1960s, these letters reveal Bud’s deep love for his son, as well as the philosophy and values that led to his remarkable success in sports and in life. Beginning with the first letter Bud wrote when Jay left home, this collection shows a father guiding his son toward his own path while stressing the importance of service to others. The embodiment of the scholar-athlete, Bud mixes encouragement with intellectual discussions. When Jay reads American philosopher William James for a class at Duke

University, his father, a serious student of literature, reads the book, too, and uses its insights to help Jay deal with the challenges of his freshman year. Bud writes about his own challenges, as well, including his debate over whether to accept the Kennedy administration's invitation to head the President's Council on Physical Fitness. Jay's comments about each of these letters provide context and further insight. By the time Jay becomes a graduate student at the Episcopal Theological School, the correspondence turns toward religion and politics, as Bud reflects on the philosophical issues of the day and on his unsuccessful run for the U.S. Senate in 1964. His belief that the greatest leaders are not always the most popular made him an unlikely politician even then, but a wonderful role model and interlocutor for his son. Bud's thoughts on ethics in business and politics are as inspiring today as when he wrote them a half-century ago.

Instead of lying to his girlfriend, he decides to break up with

her. By the time sophomore year comes around, Cory is buying enough weed to supply every fraternity on campus. Friends of friends start asking for cocaine and molly, but to Cory, if the drugs were on campus anyway, why not be the one selling it? That is, until a student overdoses and a detective comes knocking on Cory's door, leaving Cory scrambling for answers. Uncle Bud Long Kenneth Clarke 2014-07-15 According to the scant historical records available, Uncle Bud Long, his daughter Janey, and her son Frankie lived near Clark's Landing, Kentucky, for about twenty years early in this century. Mr. Clarke has collected the tales of the Longs' strange ways from old-time residents of the community, both those who knew the Longs and those who inherited the stories by word of mouth. Here he skillfully weaves them into a loose narrative and, in addition,

analyzes the ways in which the anecdotes have been transmuted in the process of retelling. This analysis of the stories of Uncle Bud reveals much about the delicate process by which the oral folk tradition grows and thrives. Though at first glance these fragmentary anecdotes hardly seem to constitute a legend, Mr. Clarke convincingly argues that from such humble roots ultimately grows much of what we think of as "literature."

American Patriot Robert Coram 2007-05-03 The acclaimed author of *Boyd* recounts the life of a decorated U.S. Air Force veteran who was a prisoner-of-war in Vietnam. During his military career, Bud Day won every available combat medal, escaped death on no less than seven occasions, and spent 67 months as a POW in the infamous Hanoi Hilton, along with John McCain. Despite sustained torture, Day would not break. He became a hero to POWs everywhere—a man who fought without pause, not a prisoner of war, but a prisoner at war. Upon his return, passed over for promotion to Brigadier General, Day retired. But years later, with his children grown and a lifetime of service to his country behind him, he would engage in another battle, this one against an opponent he never had expected: his own country. On his side would be the hundreds of thousands of veterans who had fought for America only to be betrayed. And what would happen next would make Bud Day an even greater legend. Praise for American Patriot “Superb. . . . Coram has researched

thoroughly and written fluently and with sympathy for his subject, and authentic hero.” —Booklist “Riveting. . . . A poignant and ultimately inspiring portrait. . . . Day’s military service tale is wide, varied, fraught with drama and jaw-dropping episodes.” —James Srodes, *American Spectator*

The Amazing Bud Powell Guthrie P. Ramsey 2013-05-28 Bud Powell was

not only one of the greatest bebop pianists of all time, he stands as one of the twentieth century's most dynamic and fiercely adventurous musical minds. His expansive musicianship, riveting performances, and inventive compositions expanded the bebop idiom and pushed jazz musicians of all stripes to higher standards of performance. Yet Powell remains one of American music's most misunderstood figures, and the story of his exceptional talent is often overshadowed by his history of alcohol abuse, mental instability, and brutalization at the hands of white authorities. In this first extended study of the social significance of Powell's place in the American musical landscape, Guthrie P. Ramsey, Jr. shows how the pianist expanded his own artistic horizons and moved his chosen idiom into new realms. Illuminating and multi-layered, *The Amazing Bud Powell* centralizes Powell's contributions as it details the collision of two vibrant political economies: the discourses of art and the practice of blackness.

Bud's Journey Home Linda Sealy Knowles 2017-03-01 After serving time in the Louisiana State Prison, Bud Downey spent many months winning a small fortune as a gambler. Feeling confident that he had won enough money, he packed up his stake to begin his journey to Limason, Texashome. After his last winning hand at the gambling table, a couple of disgruntled cowboys were angry that they had lost all their money to the smooth-talking young man. As Bud traveled near the border of Lafayette, Louisiana, he was ambushed, shot, and left for dead in the swampy waters of the bayou. Rosie Jourdian never dreamed that at the young age of eighteen, she would have the sole responsibility of caring for her two young siblings. Who would believe that life could play such an ugly, cruel trick on her life? She was abandoned by her mama and left to raise a six-week-old baby boy and an eleven-year-old brother. While fishing in the

bayou to help feed her little family, she discovered a bloody cowboy in the swampy waters. With her friend Justices herbs and potions, they nursed him back to health. The men who were looking for him discovered his whereabouts and burned down Rosies shack, leaving her family homeless. Would this independent young girl go with Bud and leave the only home she has ever known?

Bud Fowler Jeffrey Michael Laing 2013-04-18 This is the biography of Bud Fowler (ne John Jackson), the first African American to play in organized baseball, and the longest tenured at the time that the color line was drawn. In addition to his professional playing career, which lasted more than 25 years, Fowler was a scout, organizer, owner, and promoter of touring black baseball clubs--including the legendary Page Fence Giants--in the late nineteenth and early twentieth centuries. Emphasizing the social and cultural contexts for Fowler's accomplishments on and off the baseball diamond, and his prominence within the history and development of the national pastime, the text builds a convincing case for Fowler as one of the great pioneering figures of the early game.

King brings to life a journey filled with memories, triumph, and glory--an autumn truly to be remembered, and an experience not to be missed.

The Terror of Terre Haute John D. Wright 2008 This is a true story of sweat and sacrifice, of triumph over adversity. Professional boxer Bud Taylor became a star in the Golden Age of Sports, when Americans worshipped their sports heroes, and the popularity of boxing ranked second only to baseball. Known as "The Terre Haute Terror," Taylor hit hard and trained hard in passionate pursuit of the world bantamweight title. His obstacles were plenty: the physical, from injuries such as battered hands and broken noses; the emotional: the anguish of watching two men die from his blows; and the practical: a champion who eluded him, wanting no part of *The Terror*. His story is told from the ringsides, dressing rooms and gymnasiums of the boxer's travels. Meet the fight game's quirky characters, follow the money, marvel at the media frenzy and enjoy anecdotes about the people and places of the 1920s in a first-ever biography of Taylor. The book is part biography and part history lesson of the times, written in the entertaining style of a former sportswriter who became an award-winning investigative news reporter. It is foremost a book about boxing, but it is also about the glitzy, glamorous 1920s, when Americans cherished their diversions-fashion, jazz, auto-mobiles, and above all, sports. This is a story of an underdog, who grew up poor but ideally equipped for his career with the tools of self-discipline and perseverance, who rode the backing of his beloved hometown supporters

to the pinnacle of his profession. Along the way, Taylor's reputation for fighting through injuries and his never-quit attitude notched him a reputation as a great boxing ticket, and his show-stopping performances earned him a great fan following in such cities as Chicago and Los Angeles. Taylor was a paradox in many ways: A ferocious predator inside the ring but vulnerable and compassionate outside; So self-focused on a career goal that he trained obsessively, yet generously giving of his time to community causes; A model of fitness and frugality during his fight career who ultimately wound up obese and broke. Bud Taylor fought 166 pro fights in 11 years, an average of about one every three weeks. His classic battles with Tony Canzoneri, Jimmy McLarnin, Pancho Villa and Pal Moore, among others, are recounted. Like many success stories, Taylor surrounded himself with talent: first-rate trainers Jack Blackburn and Barney Furey; his loyal manager, Eddie Long; and the friendship and tutelage of talented boxers of the times-champions Tommy Gibbons, Sammy Mandell, and others. A basher with either fist, Taylor's blows killed two men, ended a third man's career and left others unconscious for tense moments. He was left with the task of reconciling the deaths before he destroyed himself from self-guilt. JOHN D. WRIGHT lives in Terre Haute, Indiana. He has a master's degree from Indiana State University and has worked on the staff of the Terre Haute Tribune-Star newspaper for more

than 20 years. As a longtime reporter, he covered news and sports in the Wabash Valley ranging from high-school basketball to murder trials. Among his awards is a state Society of Professional Journalists 1992 first-place award for investigative reporting; and a Hoosier State Press Association 1994 first place for deadline reporting after witnessing in person the execution of mass murderer John Wayne Gacy. Wright's interest in boxing dates from his childhood; his father, "Ren" Wright, boxed amateur bouts out of Sullivan, Indiana, from 1949 to 1951, and often talked about "Bud" Taylor. Wright also knows about one-on-one sports - he is a USPTA-certified tennis instructor and frequently a nationally ranked player in his age division.

To Fly and Fight Clarence E. "Bud" Anderson 2017-05-12 Bud Anderson is a flyers flyer. The Californians enduring love of flying began in the 1920s with the planes that flew over his fathers farm. In January 1942, he entered the Army Air Corps Aviation Cadet Program. Later after he received his wings and flew P-39s, he was chosen as one of the original flight leaders of the new 357th Fighter Group. Equipped with the new and deadly P-51 Mustang, the group shot down five enemy aircraft for each one it lost while escorting bombers to targets deep inside Germany. But the price was high. Half of its pilots were killed or imprisoned, including some of Buds closest friends. In February 1944, Bud Anderson, entered the uncertain, exhilarating, and deadly world of aerial combat. He flew two tours of combat against the Luftwaffe in less than a year. In battles sometimes involving hundreds of airplanes, he ranked among the groups

leading aces with 16 aerial victories. He flew 116 missions in his old crow without ever being hit by enemy aircraft or turning back for any reason, despite one life or death confrontation after another. His friend Chuck Yeager, who flew with Anderson in the 357th, says, In an airplane, the guy was a mongoosethe best fighter pilot I ever saw. Buds years as a test pilot were at least as risky. In one bizarre experiment, he repeatedly linked up in midair with a B-29 bomber, wingtip to wingtip. In other tests, he flew a jet fighter that was launched and retrieved from a giant B-36 bomber. As in combat, he lost many friends flying tests such as these. Bud commanded a squadron of F-86 jet fighters in postwar Korea, and a wing of F-105s on Okinawa during the mid-1960s. In 1970 at age 48, he flew combat strikes as a wing commander against communist supply lines. To Fly and Fight is about flying, plain and simple: the joys and dangers and the very special skills it demands. Touching, thoughtful, and dead honest, it is the story of a boy who grew up living his dream.
