**Dietary Chinese Herbs** Yanze Liu 2015-05-18 This work presents up-to-date information on chemical, pharmacological, clinical studies and historical uses of common dietary Chinese herbs. Authored by native experts in the field, the reader is introduced to each herb with a brief chronological review of Chinese literature on dietary herb uses, with chapters dedicated to each selected herb including color photos for each herb. In addition, Chinese characters as well as the Latin botanical name indices, and chemical structures for the known active compounds are also provided. The clear layout examines the health benefits that have been studied for centuries, including current clinical and toxicological data. A wide range of Traditional Chinese Medicine (TCM) herbs are investigated for their suitability into daily diets for maintaining general wellness or disease prevention. In the past decades, natural health products, dietary supplements, functional foods, or nutraceuticals have emerged in the West due to the increasing demand for non-pharmaceutical healthcare products. Traditional Chinese Medicine disease prevention and treatment incorporates the use of foods, and herbal medicine in an integrated manner, and thus the dietary Chinese herbs in used in TCM for thousands of years could be sources for developing new, effective, and safe ingredients to capture the rapidly expanding opportunity in the global market place.

**Essential Chinese Medicine (In 4 Volumes)** Bao Chun Zhang 2018-09-18 Over the course of several thousand years, with a long history of continual development and enhancement, Traditional Chinese Medicine (TCM) has become a unique Chinese medical system with significant success in the field of healthcare, making great contributions to the well-being of mankind. The Essential Chinese Medicine book series fulfills the mission of honouring life and promoting the health of family members and friends. This series develops and expands on the essence of TCM to advocate new concepts of health and wellness. The editors-in-chief, Professor Zhang Bao Chun and Associate Professor Chen Yu Ting, have been involved in the teaching, research and clinical work of the TCM theoretical system for a long period of time. Both have not only mastered the ancient learning but have also blazed new trails. They have put forward assiduous efforts in the research and writing of materials, being the chief editors of several specialised academic publications and other teaching materials. This four-volume Essential Chinese Medicine series is the product of their extensive research.

*Wily Consort, Don't Run* Hua Yao 2019-12-17 Xiao Budian had no intention of travelling to the outside world, but had been sold to the Azure Dragon Country and even became the crown prince's consort. On the night of the wedding, in order to protest against this marriage, Crown Prince Xuanyuan Qi had actually put on a stunning show in front of her, using the woman's dying red to give the emperor a huge advantage. In order to fight for a chance, Xiaoxiao had actually made that girl, Ling'er, into her little girl. However, she didn't know that such a decision was meant to raise a tiger, and that she had also dropped a chess piece for the Dark Faction that she had been plotting for a long time. Where would she go without her child?

**Collective Killings in Rural China during the Cultural Revolution**

Yang Su 2011-02-21 The violence of Mao's China is well known, but its extreme form is not. In 1967 and 1968, during the Cultural Revolution, collective killings were widespread in rural China in the form of public execution. Victims included women, children, and the elderly. This book is the first to systematically document and analyze these atrocities, drawing data from local archives, government documents, and interviews with survivors in two southern provinces. This book extracts from the Chinese case lessons that challenge the prevailing models of genocide and mass killings and contributes to the historiography of the Cultural Revolution, in which scholarship has mainly focused on events in urban areas.

**China's Fintech Explosion** Sara Hsu 2020-08-04 Financial technology—or fintech—is gaining in popularity globally as a way of

making financial services more efficient and accessible. In rapidly developing China, fintech is taking off, catering to markets that state-owned banks and an undersized financial sector do not serve amid a backdrop of growing consumption and a large, tech-savvy millennial generation. It is becoming increasingly likely that some of China's fintech firms will change the way the world does business. In *China's Fintech Explosion*, Sara Hsu and Jianjun Li explore the transformative potential of China's financial-technology industry, describing the risks and rewards for participants as well as the impact on consumers. They cover fintech's many subsectors, such as digital payment systems, peer-to-peer lending and crowdfunding, credit card issuance, internet banks, blockchain finance and virtual currencies, and online insurance. The book highlights the disruption of traditional banking as well as the risks of fintech and regulatory technology. Hsu and Li describe major companies including Alipay and Tencent, developer of WeChat Pay and a wealth-management business, and other leading fintech firms such as Creditease, Zhong An Insurance, and JD Finance. Offering expert analysis of market potential, risks, and competition, as well as case studies of firms and consumer behavior, *China's Fintech Explosion* is a must-read for anyone interested in one of the world's breakout sectors.

East Emperor Feng XueBeiGuo 2020-04-07 During the great war between the ancient Lich, the Eastern Emperor, along with the twelve Ancestral Mages, perished together. A tiny bit of his truesoul was protected by the Primal Chaos Bell, preventing it from perishing completely. However, the True Spirits within the Primal Chaos Bell were being targeted by the Jade Emperor, who had found the Chaotic Bell. With no better option, Taiyi could only send his Imperial Censor, the Chaos Bell, to break through space and escape into chaotic space. Seeing that his True Spirit was about to dissipate, the Primal Chaos Bell was anxious. It chose the corpse of the youth from another world, Lu Feng, and assisted in the rebirth of the True One's body. After being reincarnated, he had been very lucky. He had borrowed the name of Lu Feng to begin his own path of cultivation ...

Carbon Dioxide Sequestration and Related Technologies Ying Wu 2011-07-05 Carbon dioxide sequestration is a technology that is being explored to curb the anthropogenic emission of CO<sub>2</sub> into the atmosphere. Carbon dioxide has been implicated in the global climate change and reducing them is a potential solution. The injection of carbon dioxide for enhanced oil recovery (EOR) has the dual benefit of sequestering the CO<sub>2</sub> and extending the life of some older fields. Sequestering CO<sub>2</sub> and EOR have many shared elements that make them comparable. This volume presents some of the latest information on these processes covering physical properties, operations, design, reservoir engineering, and geochemistry for AGI and the related technologies.
