

Robert Anton Wilson Cosmic Trigger

Robert A. Wilson

Cosmic Trigger III Robert Anton Wilson,1995 This, the long-awaited third volume of the Cosmic Trigger series, includes Wilson's witty and humorous observations about the widely spread (and, happily, premature) announcement of his demise. And, of course, what Wilson masterpiece would be complete without synchronicities, religious fanatics, UFOs, crop circles, paranoia, pompous scientists, secret societies, high tech, black magic, quantum physics, hoaxes (real and fake), Orson Welles, James Joyce, Carl Sagan, Madonna and The Vagina of Nuit.

Cosmic Trigger I Robert Anton Wilson,2016-02-23 The great modern classic of a brilliant rebel's personal exploration into the nature of consciousness Featuring a New Introduction by John Higgs Cosmic Trigger deals with a process of deliberately induced brain change. This process is called initiation or vision quest in many traditional societies and can loosely be considered some dangerous variety of self-psychotherapy in modern terminology. I do not recommend it for everybody . . . briefly, the main thing I learned in my experiments is that reality is always plural and mutable. - Robert Anton Wilson from the Preface The Robert Anton Wilson Trust Authorized Hilaritas Press Edition

Cosmic Trigger Robert Anton Wilson,1987-02

The Illuminati Papers Robert Anton Wilson,2012-01-15 Is all of history a vast conspiracy? Cosmic joke? Robert Anton Wilson developed the story of the Illuminati, a conspiracy as old as time itself, as a vehicle to amuse and enlighten. His best-selling books, The Illuminati Trilogy and Cosmic Trigger, have delighted readers the world over and made the Illuminati conspiracy the perfect metaphor for our time. In the ILLUMINATI PAPERS, Robert Anton Wilson speaks through characters from his novels and other realities and presents his views

on our future way of life. Includes The HEAD Revolution
Secrets of Evolution How to Eliminate Stupidity Illuminati
Interoffice Memos The Position Papers of Hagbard Celine
Economic Liberation The Usual Gang of Lunatics, Mystics,
and Characters Clamoring for a New Social Order

Prometheus Rising Robert Anton Wilson, 2016-05-23

Prometheus Rising describes the landscape of human evolution and offers the reader an opportunity to become a conscious participant. In an astoundingly useful road map infused with humor and startling insight, Robert Anton Wilson presents the Eight Circuits of the Brain model as an essential guide for the effort to break free of imprinted and programmed behavior, Bob writes, We are all giants, raised by pygmies, who have learned to walk with a perpetual mental crouch. Unleashing our full stature-our total brain power-is what this book is all about. The Robert Anton Wilson Trust Authorized Hilaritas Press Edition

Cosmic Trigger the Play Daisy Eris

Campbell, 2021-02-23 Daisy Eris Campbell's screenplay for her interpretation of Robert Anton Wilson's classic autobiographical adventure exploring the terrain of Maybe Logic and Chapel Perilous.

Quantum Psychology Robert Anton Wilson, 1990

Throughout human history, thoughts, values and behaviours have been coloured by language and the prevailing view of the universe. With the advent of Quantum Mechanics, relativity, non-Euclidean geometries, non-Aristotelian logic and General Semantics, the scientific view of the world has changed dramatically from just a few decades ago. Nonetheless, human thinking is still deeply rooted in the cosmology of the middle ages. This is the book to change your way of perceiving yourself -- and the universe. Some say it's materialistic, others call it scientific and still others insist it's mystical. It is all of these -- and

none. The book for the 21st Century, complete with exercises. Picks up where Prometheus Rising left off. Some say it's materialistic, others call it scientific and still others insist it's mystical. It is all of these -- and none.

Masks of the Illuminati Robert A. Wilson, 2009-10-21

This American underground classic is a rollicking cosmic mystery featuring Albert Einstein and James Joyce as the ultimate space/time detectives. One fateful evening in a suitably dark, beer-soaked Swiss rathskeller, a wild and obscure Irishman named James Joyce would become the drinking partner of an unknown physics professor called Albert Einstein. And on that same momentous night, Sir John Babcock, a terror-stricken young Englishman, would rush through the tavern door bringing a mystery that only the two most brilliant minds of the century could solve . . . or perhaps bringing only a figment of his imagination born of the paranoia of our times. An outrageous, raunchy ride through the twists and turns of mind and space, *Masks of the Illuminati* runs amok with all our fondest conspiracy theories to show us the truth behind the laughter . . . and the laughter in the truth. Praise for *Masks of the Illuminati* “I was astonished and delighted . . . Robert Anton Wilson managed to reverse every mental polarity in me, as if I had been pulled through infinity.”—Philip K. Dick “[Wilson is] erudite, witty, and genuinely scary.”—Publishers Weekly “A dazzling barker hawking tickets to the most thrilling tilt-a-whirls and daring loop-o-planes on the midway to a higher consciousness.”—Tom Robbins “Wilson is one of the most profound, important, scientific philosophers of this century—scholarly, witty, hip, and hopeful.”—Timothy Leary

Cosmic Trigger II Robert Anton Wilson, 2019-01-18

The first book in the *Cosmic Trigger* trilogy reveals the enlightening secret of the Illuminati while presenting the daunting metaphor of Chapel Perilous where the

unprepared can get lost in a spirited journey. Volume Two of the series presents the metaphor of the Bridge and the lessons of Bob's early life that brought him to the wisdom of the Model Agnostic's perspective. In Bob's typical wide-ranging narratives, we learn, among other mind-blowing anecdotes, about the similarities between the Pope of Rome and the Wizard of Oz. Don't miss this explosion of thought, when for the second time, Bob pulls the Cosmic Trigger. The ROBERT ANTON WILSON TRUST Authorized HILARITAS PRESS EDITION

The Cosmic Trigger Robert Anton Wilson, 1982-03-03
Philosophy for Life and Other Dangerous Situations Jules Evans, 2013-10-03 When philosophy rescued him from an emotional crisis, Jules Evans became fascinated by how ideas invented over two thousand years ago can help us today. He interviewed soldiers, psychologists, gangsters, astronauts, and anarchists and discovered the ways that people are using philosophy now to build better lives. Ancient philosophy has inspired modern communities — Socratic cafés, Stoic armies, Epicurean communes — and even whole nations in the quest for the good life. This book is an invitation to a dream school with a rowdy faculty that includes twelve of the greatest philosophers from the ancient world, sharing their lessons on happiness, resilience, and much more. Lively and inspiring, this is philosophy for the street, for the workplace, for the battlefield, for love, for life.

Coincidence Robert Anton Wilson, 2018-01-18 This, for my money, is the most spectacular non-fiction work that Wilson ever penned, breathtakingly adventurous in both its content and its strikingly experimental form. Uncertain and demonstrably uncaring whether it's a piece of literary criticism, metaphysical discussion or anthology of diverse esoteric writings, this remarkable compendium is best seen,

in the spirit of its title, as a glorious accidental dance of meaning, modernism and mythology. - Alan Moore, from his introduction to *Coincidence* - The Robert Anton Wilson Trust Authorized Hilaritas Press Edition

The New Inquisition Robert Anton Wilson,1987

Cosmic Trigger Robert A. Wilson,1980-05-03

High Weirdness Erik Davis,2019-11-05 An exploration of the emergence of a new psychedelic spirituality in the work of Philip K. Dick, Terence McKenna, and Robert Anton Wilson. A study of the spiritual provocations to be found in the work of Philip K. Dick, Terence McKenna, and Robert Anton Wilson, *High Weirdness* charts the emergence of a new psychedelic spirituality that arose from the American counterculture of the 1970s. These three authors changed the way millions of readers thought, dreamed, and experienced reality—but how did their writings reflect, as well as shape, the seismic cultural shifts taking place in America? In *High Weirdness*, Erik Davis—America's leading scholar of high strangeness—examines the published and unpublished writings of these vital, iconoclastic thinkers, as well as their own life-changing mystical experiences. Davis explores the complex lattice of the strange that flowed through America's West Coast at a time of radical technological, political, and social upheaval to present a new theory of the weird as a viable mode for a renewed engagement with reality.

Schrodinger's Cat Trilogy Robert A. Wilson,2009-10-21

The sequel to the cult classic *The Illuminatus! Trilogy*, this is an epic fantasy that offers a twisted look at our modern-day world--a reality that exists in another dimension of time and space that may be closer than we think.

The Starseed Signals - Link Between Worlds Robert Anton Wilson,2020-08-23

Email to the Universe Robert Anton

Wilson,2017-01-18 Robert Anton Wilson's final book explores the relativity of reality in a mind-bending stream of essays. Among other topics, the master of guerrilla ontology examines *The Celtic Roots Of Quantum Theory*, *Schrödinger's Other Cat*, *Joyce & Daoism*, *Sexual Alchemy*, *Left and Right: A Non-Euclidean Perspective*, and *Cheerful Reflections On Death And Dying*. RAW's description of his run for Governor of California as the candidate for his *Guns & Dope Party* offers a delightfully absurd view of an improbable *Maybe* in terrestrial politics. I wrote these polemics, poems, neurolinguistic experiments and assorted meanderings over a period of about 45 years, and in reflecting on this extraordinary collection of his writings, the brilliant and modest *Model Agnostic* adds, I don't believe anything, but I have many suspicions . . . These suspicions have grown over 72 years, but as a rather slow and stupid fellow I do not have the *Chutzpah* to proclaim any of them as certitudes. A *SUPER GENIUS* . . . He has written everything I was afraid to write. - Dr. John Lilly, writer, neuroscientist and psychonaut One of the leading thinkers of the modern age. - Barbara Marx Hubbard, Foundation for Conscious Evolution A masterful satirist who views history as an open question. - Brad Linaweaver, Atlanta Constitution I have learned more from Robert Anton Wilson than I have from any other source. - Comedian George Carlin

The KLF John Higgs,2024-07-09 In the early '90s, the KLF was the biggest-selling singles band in the world—until they destroyed their records, erased themselves from music history, and literally set fire to one million pounds. In this fascinating and in-depth biography, popular British writer and cultural historian John Higgs digs into the story behind the end of one of the most popular bands of the late twentieth century. The band members themselves, when

asked in interviews, were never able to satisfactorily explain their behavior, but looked haunted every time it came up. With his characteristically creative mind, Higgs leads readers on a journey to understand “a story that no one knows they are in—least of all the main characters.” Ranging from music history to chaos theory to Carl Jung and Doctor Who, this brilliant pop biography has been named one of the top ten music books of the year by The Guardian, The Independent, and Mojo magazine. Perfect for music buffs and mystery fans alike, The KLF is an engrossing and entertaining read.

Wilhelm Reich In Hell Robert Anton Wilson, 2022-03-23
Humanity suffers from an Emotional Plague, declared Dr. Wilhelm Reich. For his controversial ideas, his books were banned and burned, and he died in prison. Robert Anton Wilson explores the trials of Reich in this essay and play script. In his introduction, Dr. Christopher S. Hyatt writes, *Wilhelm Reich In Hell* is an appropriate title for the horrific experiences that Dr. Reich, our hero, endured. Dr. Wilson's sensitive and insightful expression, using two literary forms, provides the reader who is interested in the effects of the Whirling Inquisition against the Mind with insights both subtle and daring. Wilson managed to reverse every mental polarity in me, as if I had been pulled through infinity. I was astonished and delighted. - Philip K. Dick, author of *VALIS*, *Do Androids Dream of Electric Sheep?* (*Blade Runner*) and other great books
A dazzling barker hawking tickets to the most thrilling tilt-a-whirls and daring loop-o-planes on the midway of higher consciousness. - Tom Robbins, author of *Even Cowgirls Get the Blues*, *Jitterbug Perfume* and other great books
Erudite, witty and genuinely scary... - Publishers Weekly
One of the leading thinkers of the modern age. - Barbara Marx Hubbard, Foundation for Conscious Evolution
