Readers are guided from theory to practice in an easy-to-understand manner, providing them with a foundational understanding of the definition and history of rhetoric as well as new approaches to the rhetorical tradition. Ideal for courses in rhetorical criticism, the highly anticipated Fifth Edition includes new critical essays and case studies that demonstrate for readers how the critical methods discussed can be used to study the hidden rhetoric of popular culture.

Homo Deus Yuval Noah Harari 2017-02-21 Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans

into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we

set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a *New York Times* bestseller, Harari maps out our future.

The Simpsons Guide to Springfield Matt Groening 1998 A complete guide to the Simpson universe, Montgomery Burns and his nuclear power plant, Barney and Moe's bar, Apu's Kwik-E-Mart, Principal Skinner and the school, Duff Beer Park, Itchy and Scratchyland and much more. Written and illustrated by the Simpsons creator and his team the

book contains maps, cutaways and floorplans and Simpsons trivia.

**Simpson Family
Homer Simpson Marches on Washington** Timothy M.

Dale 2010-03-19 The Simpsons questions what is culturally acceptable, showcasing controversial issues like homosexuality, animal rights, the war on terror, and religion. This subtle form of political analysis is effective in changing opinions and attitudes on a large scale. *Homer Simpson Marches on Washington* explores the transformative power that enables popular culture to influence political agendas, frame the consciousness of audiences, and create profound shifts in values and ideals. To investigate the full spectrum of popular culture in a democratic society, editors Timothy M. Dale and Joseph J. Foy gather a top-notch team of scholars who use television shows such as *Star Trek*, *The X-Files*, *All in the Family*, *The View*, *The*

Daily Show with Jon Stewart, and The Colbert Report, as well as movies and popular music, to investigate contemporary issues in American popular culture.

The Simpsons and Their Mathematical Secrets Simon Singh 2013-10-29 You may have watched hundreds of episodes of The Simpsons (and its sister show Futurama) without ever realising that they contain enough maths to form an entire university course. In The Simpsons and Their Mathematical Secrets, Simon Singh explains how the brilliant writers, some of the mathematicians, have smuggled in mathematical jokes throughout the cartoon's twenty-five year history, exploring everything from to Mersenne primes, from Euler's equation to the unsolved riddle of P vs. NP, from perfect numbers to narcissistic numbers, and much more. With wit, clarity and a true fan's zeal, Singh analyses such memorable episodes as 'Bart the

Genius' and 'Homer3' to offer an entirely new insight into the most successful show in television history.

Hard Math for Elementary School Glenn Ellison 2013-05-29 Hard math for elementary school is a math enrichment textbook, providing ideas to provide children with lessons that are harder, deeper, and more fun. It has chapters to supplement most textbook topics as well as chapters on topics, such as making polyhedra out of marshmallows and toothpicks, that make the book more fun and develop higher reasoning skills.

Planet Simpson Chris Turner 2010-05-28 A smart, accessible and funny cultural analysis of The Simpsons, its inside stories and the world it reflects. From Bart Simpson to Monty Burns, the Internet boom to the slow drowning of Tuvalu, Planet Simpson explores how one of the most popular shows in television history has changed the way we

look at our bewildering times. Award-winning journalist Chris Turner delves into the most esoteric of Simpsons fansites and on-line subcultures, the show's inside jokes, its sharpest parodies and its ongoing love-hate relationship with celebrity to reveal a rarity of literary accomplishment and pop-cultural import — something never before achieved by a cartoon. Complementing its satirical brilliance, *The Simpsons* boasts a beloved cast of characters, examined here in playful and scrupulous detail: Homer, selfish, tyrannical and not too bright, but always contentedly beholden to his family; Bart, pre-teen nihilist and punk icon; Lisa, junior feminist crusader; and Marge, archetypical middle-American mother, perpetually dragging her family kicking and screaming to higher moral ground. And while the voice actors behind the regular

cast have eschewed celebrity, Turner considers why a stunning host of guests — Hollywood icons and has-beens, politicians, professional athletes, poets and pop stars — have submitted themselves to the parodic whims of the Simpsons' writers. Intelligent and rambunctious, absorbing and comic, *Planet Simpson* mines this modern cultural institution for its imaginative, hilarious, but always dead-on, reflections on our world. Excerpt from *Planet Simpson Three Fun Facts About "D'oh!"* 1. The Oxford English Dictionary defines "d'oh" as "Expressing frustration at the realization that things have turned out badly or not as planned, or that one has just said or done something foolish." 2. The origins of "D'oh!" A Tracey Ullman-era *Simpsons* script called for Homer to respond to an unfortunate turn of events thus: "[annoyed grunt]." Dan Castellaneta, the voice-

actor who plays Homer, improvised the exclamation, "D'oh!" It stuck. 3. The godfather of "D'oh!" Dan Castellaneta freely admits that he lifted Homer's famous yelp from James Finlayson, a Scottish actor who played a bald, cross-eyed villain in a number of Laurel & Hardy films in the 1930s. Finlayson's annoyed grunt was a more drawn-out groan — Dooooohhh!

Castellaneta sped it up to create Homer's trademark.

The Simpsons Matt Groening 2006 Featuring highlights from more than 250 episodes, plot synopses, quotes, character profiles, couch gags, quest stars, and more, this title presents a complete guide to the first eight seasons of the Simpsons.

The Gospel According to the Simpsons Mark I. Pinsky 2001-01-01 Examines the treatment of religion and spirituality in the animated television series, including its depiction of God, Jesus, heaven, hell, and prayer in

chapters devoted to Homer, Lisa, Ned, Reverend Lovejoy, Krusty, and Apu.

A Cognitive Psychology of Mass Communication

Richard Jackson Harris
2009-05-19 In this fifth edition of A Cognitive Psychology of Mass Communication, author Richard Jackson Harris continues his examination of how our experiences with media affect the way we acquire knowledge about the world, and how this knowledge influences our attitudes and behavior. Presenting theories from psychology and communication along with reviews of the

corresponding research, this text covers a wide variety of media and media issues, ranging from the commonly discussed topics – sex, violence, advertising – to lesser-studied topics, such as values, sports, and entertainment education. The fifth and fully updated edition offers: highly accessible and engaging writing contemporary references to all types of media familiar to students substantial discussion of theories and research, including interpretations of original research studies a balanced approach to covering the breadth and depth of the subject discussion of work from both psychology and media disciplines. The text is appropriate for Media Effects, Media & Society, and Psychology of Mass Media coursework, as it examines the effects of mass media on human cognitions, attitudes, and behaviors through empirical social science research;

teaches students how to examine and evaluate mediated messages; and includes mass communication research, theory and analysis.

Optimization for Machine Learning

Jason Brownlee

2021-09-22 Optimization

happens everywhere.

Machine learning is one

example of such and gradient descent is probably

the most famous algorithm for performing optimization.

Optimization means to find the best value of some

function or model. That can be the maximum or the

minimum according to some metric. Using clear

explanations, standard

Python libraries, and step-

by-step tutorial lessons, you

will learn how to find the

optimum point to numerical

functions confidently using

modern optimization

algorithms.

The Big Book of Hell

Matt Groening 1990

[The Simpsons/Futurama](#)

[Crossover Crisis](#)

Matt Groening 2010-04-01 The

Planet Express crew and the citizens of New York City in the 31st century meet up with the Simpsons and the citizens of Springfield, in a run-amok story enhanced with supplemental stories, preliminary sketches, character designs and more.

The Bart Book

Matt Groening 2005-10-18 The

Bart Book is now being released in hardback, as

part of the ongoing series:

The Simpsons Library of Wisdom. Bart Simpson, the

much-maligned,

misunderstood,

under-appreciated

'underachiever', comes

clean and (God help us!) it's worse than we thought. Now

the truth can be told at last

as Bart offers up his school survival guide, secret codes,

pullable pranks, dream

tattoos, favourite El Barto

'tags', and the Christmas list

to end all lists (and future

visits from Santa). It's the

worst, we mean . the best

book ever! In The Simpsons

Library of Wisdom, Matt

Groening, the creator of 'The

Simpsons', offers an ongoing series of portable and quotable books that will eliminate the need for all religions and philosophies, exalt man's role in the universe and make the world a better place ... sort of. No other television show in history has commented so freely and so humorously on modern times, and there seems to be no end in sight for the sharp satire and pointed parody that 'The Simpsons' serves up every night of the week all around the world.

The Simpsons Beyond Forever! Matt Groening
2007-06 Picking up where ""The Simpsons" Forever" left off, this new volume will tell readers everything they want to know and more than they think they know about the 11th and 12th seasons of "The Simpsons" television series. Complete with plot synopses, quotes, new characters, and addendums to all the lists from the first two volumes.

How the Grinch Stole

Christmas Dr. Seuss
2013-10-22 Grow your heart three sizes and get in on all of the Grinch-mas cheer with this Christmas classic-- the ultimate Dr. Seuss holiday book that no collection is complete without! Every Who down in Who-ville liked Christmas a lot . . . but the Grinch, who lived just north of Who-ville, did NOT! Not since "'Twas the night before Christmas" has the beginning of a Christmas tale been so instantly recognizable. This heartwarming story about the effects of the Christmas spirit will grow even the coldest and smallest of hearts. Like mistletoe, candy canes, and caroling, the Grinch is a mainstay of the holidays, and his story is the perfect gift for readers young and old. "Irrepressible and irresistible." --Kirkus Reviews

reality with these 70 recipes straight from the best comedy show on TV—The Simpsons. Everyone knows and loves The Simpsons. Now you can make the food you've seen in the show for thirty-one seasons right in the comfort of your own home faster than you can say, "Mmm...Donuts." Over the years, Simpsons episodes have featured, and sometimes revolved, around countless food items. Thanks to Homer Simpson's unending appetite and a writers' room full of food lovers, the show has a long list of truly iconic dishes. From Chief Wiggum's Chili to the Flaming Moe (a.k.a. Flaming Homer) to Super Squishees to Krusty Burgers, you'll find all those recipes and more in *The Unofficial Simpsons Cookbook*. Featuring 70 recipes that include many of the most classic Simpsons dishes, this cookbook includes easy-to-follow instructions for chefs of all ages and levels. Finally, you can make all

your favorite meals straight from Marge's kitchen in no time!

The Simpsons Forever! Matt Groening 1999-11-03 Picking up where *The Simpsons: A Complete Guide to our Favorite Family* left off, *The Simpsons Forever!* brings all the history, tidbits, and cold hard facts on every episode from the past two years, and much, much more. Fans will find the highlights of all the shows from seasons nine and ten, plus eyeball-busting two-page spreads for special episodes (like the annual Halloween show). Heavily packed into these pages are updated favourites like Best Homerisms, Famous Chalkboard Sayings, All-New Simpsons Singalong Lyrics, Couch Gags, and classic screen images. And, yes - it's all cross-referenced! The ultimate celebration of America's Favorite - and longest running - cartoon family, *The Simpsons Forever!* is a must!

Springfield Confidential

Mike Reiss 2018-06-12
Semi-Finalist for the 2019 James Thurber Award * One of Vulture's Top-10 Comedy Books of 2018 * A "Must" pick by Entertainment Weekly * An A.V. Club Best Books selection * A "New and Noteworthy" selection by USA Today In celebration of The Simpsons thirtieth anniversary, the show's longest-serving writer and producer offers a humorous look at the writing and making of the legendary Fox series that has become one of the most revered artistic achievements in television history. Four-time Emmy winner Mike Reiss—who has worked on The Simpsons continuously since episode one in 1989—shares stories, scandals, and gossip about working with America's most iconic cartoon family ever. Reiss explains how the episodes are created, and provides an inside look at the show's writers, animators, actors and celebrity guests. He answers

a range of questions from Simpsons fans and die-hards, and reminisces about the making of perennially favorite episodes. In his freewheeling, irreverent comic style, Reiss reflects on his lifetime inside The Simpsons—a personal highlights reel of his achievements, observations, and favorite stories. Springfield Confidential exposes why Matt Groening decided to make all of the characters yellow; dishes on what it's like to be crammed in a room full of funny writers sixty hours a week; and tells what Reiss learned after traveling to seventy-one countries where The Simpsons is watched (ironic note: there's no electricity in many of these places); and even reveals where Springfield is located! He features unique interviews with Judd Apatow, who also provided the foreword, and Conan O'Brien, as well as with Simpsons legends Al Jean, Nancy Cartwright, Dan Castellaneta, and more. Like

Flanders' Book of Faith

Matt Groening 2008-04-15
Hi-diddly-ho, true believers! Ned Flanders offers up a helping handful of homespun and homeschooled hints for G-rated general audiences. Follow the Nedster as he leads you through the thorny debate over church vs. state, puts the focus on the Flander's family tree, and lists his forbidden words (a.k.a. Neddy No-Nos). This gospel of goodness also includes a souvenir map to Praiseland, Ned's Comic Book of Virtues, and a sampling of the left-handed luxuries available only at The Leftorium. Whether you live north, south, east, or even west of the Bible belt,

good ol' Neddily Doodily will put you on the road to righteousness!

Leaving Springfield

David L. G. Arnold 2004 A study of the landmark television program *The Simpsons* which focuses on the show's dual roles as subversive political satire and mainstream mass media hit.

Designing Mobile

Autonomous Robots John M. Holland 2004

Simpsonology Tim Delaney

Like *The Simpsons* itself, *Simpsonology* is a timeless work - a treasure trove of useful information on popular culture, customs, and holiday traditions such as the origins of Halloween and April Fools Day, as well as a fun-filled history of America's favorite family. This book has Zazz!-TIM MADIGAN, Division Chair for Philosophy and Popular Culture, Popular Culture Association of America In this amusing and informative appreciation of *The Simpsons*, sociologist Tim Delaney looks at the many

ways America's longest-running sitcom and animated TV program reflects American culture. For more than fifteen years, the Simpsons have touched upon nearly every aspect of the American social scene—from family dynamics and social mores to local customs and national institutions. With over four hundred episodes aired so far, Delaney finds a goldmine of insights couched in parody on any number of perennial topics: On television's influence on American culture, Krusty the Clown says, Would it really be worth living in a world without television? I think the survivors would envy the dead.' On New Age religion, Homer says, To think, I turned to a cult for mindless happiness when I had beer all along.' On the thorny issue of gun ownership and home security, Homer purchases a pistol at Bloodbath and Beyond and then tells Marge, I don't

have to be careful, I got a gun.' On the theme of community spirit, Bart thoughtlessly signs up with a local Boy Scout troop while on a sugar rush from eating a Super-Squishee. The next day he realizes what he has done: Oh, no. I joined the Junior Campers! To which his sister, Lisa, responds: The few, the proud, the geeky. Delaney finds many more episodes relevant to major sociological issues such as environmentalism, feminism, romance and marriage, politics, education, health, aging, and more. Students of popular culture and laypersons alike will learn basic sociological concepts and theories in a refreshing, jargon-free work that offers plenty of entertainment. Tim Delaney is assistant professor of sociology at the State University of New York at Oswego.

The Seventh Function of Language Laurent Binet
2017-08-01 From the prizewinning author of HHHH, “the most insolent novel of the year” (L’Express) Paris, 1980. The literary critic Roland Barthes dies—struck by a laundry van—after lunch with the presidential candidate François Mitterand. The world of letters mourns a tragic accident. But what if it wasn’t an accident at all? What if Barthes was . . . murdered? In *The Seventh Function of Language*, Laurent Binet spins a madcap secret history of the French intelligentsia, starring such luminaries as Jacques Derrida, Umberto Eco, Gilles Deleuze, Michel Foucault, Judith Butler, and Julia Kristeva—as well as the hapless police detective Jacques Bayard, whose new case will plunge him into the depths of literary theory (starting with the French version of Roland Barthes for Dummies). Soon Bayard finds himself in search of a

lost manuscript by the linguist Roman Jakobson on the mysterious “seventh function of language.” A brilliantly erudite comedy that recalls Flaubert’s *Parrot* and *The Name of the Rose*—with more than a dash of *The Da Vinci Code*—*The Seventh Function of Language* takes us from the cafés of Saint-Germain to the corridors of Cornell University, and into the duels and orgies of the Logos Club, a secret philosophical society that dates to the Roman Empire. Binet has written both a send-up and a wildly exuberant celebration of the French intellectual tradition. Sober Curious Ruby Warrington 2018-12-31 Would life be better without alcohol? It’s the nagging question more and more of us are finding harder to ignore, whether we have a “problem” with alcohol or not. After all, we yoga. We green juice. We meditate. We self-care. And yet, come the end of a long work day,

the start of a weekend, an awkward social situation, we drink. One glass of wine turns into two turns into a bottle. In the face of how we care for ourselves otherwise, it's hard to avoid how alcohol really makes us feel... terrible. How different would our lives be if we stopped drinking on autopilot? If we stopped drinking altogether? Really different, it turns out. Really better. Frank, funny, and always judgment free, *Sober Curious* is a bold guide to choosing to live hangover-free, from Ruby Warrington, one of the leading voices of the new sobriety movement. Drawing on research, expert interviews, and personal narrative, *Sober Curious* is a radical take down of the myths that keep so many of us drinking. Inspiring, timely, and blame free, *Sober Curious* is both conversation starter and handbook—essential reading that empowers readers to transform their relationship with alcohol, so

we can lead our most fulfilling lives.

Devil's Candy, Vol. 1

Bikkuri, REM 2021-07-13 Science projects at Hemlock require more than a fizzy volcano to impress the class, so naturally Kazu introduces them to Pandora, whose violent streak and impressive strength cause more destruction in his already chaotic school life. Braving runaway science experiments, howling apparitions and a deadly fashion show, Pandora learns that life at a devil high school is a day-to-day struggle for survival. -- VIZ Media

Binging with Babish Andrew Rea 2019 Recipes recreated from beloved movies and TV shows by the host of one of the most popular food programs on the internet
Radioactive Man Matt Groening 2012-07-17 Born in the Plutonium Age of Comics, "Radioactive Man" has delighted comic aficionados with its savvy satire and pointed parodies

of the last sixty years of comic book history. Ever since his historic comic book debut in 1952 (in "The Simpsons" universe), Radioactive Man (otherwise known as layabout playboy Claude Kane III) and his faithful sidekick Fallout Boy (aka former juvenile delinquent Rod Runtledge) have been making Zenith City safe from insidious evildoers such as Dr. Crab, Magmo the Lava Man, Hypno-Head, Larva Girl, Larceny Lass, and Richard Milhous Nixon—to name but a few. On a grander scale, Radioactive Man often battles evil across the universe, and even between dimensions, in the ranks of the Superior Squad, a super team of metahumans that includes Captain Squid, Bug Boy, Plasmó the Mystic, Lure Lass, Weasel Woman, and Brave Heart! For decades, fans have been clamoring for a deluxe collection of "Radioactive Man" tales. Now, at last, the Atomic Avenger receives the

treatment he deserves in this comprehensive and historic archival edition of his greatest adventures! [The Elementia Chronicles 01: Quest for Justice](#) Sean Fay Wolfe 2015-07-28 Dark forces are at work on the Elementia server, and when new players Stan, Kat and Charlie arrive on the scene, they quickly find themselves in peril. Targeted by more experienced players, the noobs must band together against the King, battle the natural forces of the game, and unravel the mysteries of Elementia in the name of justice.

Mathematics and

Mathematicians Lars

Gårding 1998 This book is about mathematics in Sweden between 1630 and 1950 - from S.

Klingenstierna to M. Riesz, T. Carleman, and A. Beurling. It tells the story of how continental mathematics came to Sweden, how it was received, and how it inspired new results. The book contains a biography of

Gosta Mittag-Leffler, the father of Swedish mathematics, who introduced the Weierstrassian theory of analytic functions and dominated a golden age from 1880 to 1910. Important results are analyzed and reworked in modern notation, with explanations of their relations to mathematics at the time. The book treats Backlund transformations, Mittag-Leffler's theorem, the Phragmen-Lindelof theorem and Carleman's contributions to the spectral theorem, quantum mechanics, and the asymptotics of eigenvalues and eigenfunctions. Other important features include sketches of personalities and university life. This book presents the first thorough treatment of mathematics in Sweden. It discusses the work of the great mathematicians and the development of mathematics throughout Europe. It also brings the

mathematics of an era to life in an informative and highly readable way.

I Am Not Spock Leonard Nimoy 1975 Leonard Nimoy, the actor, recounts his experiences acting the role of Mr. Spock, Star Trek's unflappable Vulcan, his reactions to his fame, and his continuing identification with Spock

The Simpsons Matt Groening 1997-10-04 It's hard to believe that the Simpsons have been around for more than a decade. Today, The Simpsons is the longest-running animated series of all time (dethroning The Flintstones in February 1997), and an intrinsic part of pop culture. The Simpsons Complete Guide to your Favourite Show is a celebration of this family's phenomenal decade. Arranged by season, the book covers each episode of the television show, with the special episodes (the annual Halloween show, "Who Shot Mr. Burns?" and "Krusty Gets Cancelled") receiving

eyeball-busting two-page spreads. In addition, special sidebars are sprinkled throughout, showing: Simpsons firsts Bart's chalkboard lines Top Homerisms An Itchy & Scratchy filmography A Springfield timeline Things the audience may have missed Highlighting the best of every show, The Simpsons is the ultimate celebration of the cartoon family that has kept the world in stitches. It is the ultimate must-have for all Simpsons aficionados.

American Airpower Comes Of Age—General Henry H. “Hap” Arnold’s World War II Diaries Vol. II [Illustrated Edition]

Gen. Henry H. “Hap.” Arnold 2015-11-06 Includes the Aerial Warfare In Europe During World War II illustrations pack with over 180 maps, plans, and photos. Gen Henry H. “Hap.” Arnold, US Army Air Forces (AAF) Chief of Staff during World War II, maintained diaries for his several

journeys to various meetings and conferences throughout the conflict. Volume 1 introduces Hap Arnold, the setting for five of his journeys, the diaries he kept, and evaluations of those journeys and their consequences. General Arnold’s travels brought him into strategy meetings and personal conversations with virtually all leaders of Allied forces as well as many AAF troops around the world. He recorded his impressions, feelings, and expectations in his diaries. Maj Gen John W. Huston, USAF, retired, has captured the essence of Henry H. Hap Arnold—the man, the officer, the AAF chief, and his mission. Volume 2 encompasses General Arnold’s final seven journeys and the diaries he kept therein.

Vegetarian Times 1997

Drawn to the Gods David Feltmate 2017-04-11 A new world of religious satire illuminated through the layers of religion and humor that make up the The

Simpsons, South Park and Family Guy. Drawing on the worldviews put forth by three wildly popular animated shows – The Simpsons, South Park, and Family Guy– David Feltmate demonstrates how ideas about religion’s proper place in American society are communicated through comedy. The book includes discussion of a wide range of American religions, including Protestant and Catholic Christianity, Judaism, Islam, Buddhism, Native American Religions, New Religious Movements, “Spirituality,” Hinduism, and Atheism. Along the way, readers are shown that jokes about religion are influential tools for teaching viewers how to interpret and judge religious people and institutions. Feltmate, develops a picture of how each show understands and communicates what constitutes good religious practice as well as which traditions they seek to exclude on the basis of race

and ethnicity, stupidity, or danger. From Homer Simpson’s spiritual journey during a chili-pepper induced hallucination to South Park’s boxing match between Jesus and Satan to Peter Griffin’s worship of the Fonz, each show uses humor to convey a broader commentary about the role of religion in public life. Through this examination, an understanding of what it means to each program to be a good religious American becomes clear. Drawn to the Gods is a book that both fans and scholars will enjoy as they expose the significance of religious satire in these iconic television programs. Introduction to Probability Joseph K. Blitzstein 2014-07-24 Developed from celebrated Harvard statistics lectures, Introduction to Probability provides essential language and tools for understanding statistics, randomness, and uncertainty. The book explores a wide variety of

applications and examples,
ranging from coincidences
and paradoxes to Google

PageRank and Markov chain
Monte Carlo (MCMC).
