The Labyrinth Index Charles Stross, 2018-10-30 “A bizarre yet effective yoking of the spy and horror genres.” –The Washington Post Book World

The Lovecraftian Singularity has descended upon the world in *The Labyrinth Index*, beginning an exciting new story arc in Charles Stross' Hugo Award-winning *Laundry Files* series!

Since she was promoted to the head of the Lords Select Committee on Sanguinary Affairs, every workday for Mhari Murphy has been a nightmare. It doesn't help that her boss, the new Prime Minister of Britain, is a manipulative and deceptive pain in the butt. But what else can she expect when working under the thumb of none other than the elder god N'yar Lat-Hotep a.k.a the Creeping Chaos? Mhari's most recent assignment takes her and a ragtag team of former Laundry agents across the pond into the depths of North America. The United States president has gone missing. Not that Americans are alarmed. For some mysterious reason, most of the country has forgotten the executive branch even exists. Perhaps it has to do with the Nazgûl currently occupying the government and attempting to summon Cthulhu. It's now up to Mhari and her team to race against the Nazgûl's vampire-manned dragnet to find and, for his own protection, kidnap the president.

Who knew an egomaniacal, malevolent deity would have a soft spot for international relations? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Illustrated Dictionary Of Symbols In Eastern And Western Art

James Hall, 2018-05-04 A Companion volume to James Hall's perennial seller Dictionary of Subjects & Symbols in Art. which deals with the subject matter of Christian and Western art, the present volume includes the art of Egypt, the ancient Near East, Christian and classical Europe, India and the Far East. Flail explores the language of symbols in art showing how paintings, drawings and sculpture express man shades of meaning from simple, everyday hopes and fears to the profoundest philosophical and religious aspirations. The book explains and interprets symbols from many cultures, and over 600 illustrations clarify and complement the text. There are numbered references throughout the text to the sacred literature, myths and legends in which the symbols had their origins. Details of English translations of the works are in the bibliography. The book includes an appendix of the transcription of Chinese, notes and references, bibliography, chronological tables and index.

Mediating the Otherworld in Polish Folklore Ewa

Maslowska, 2019 The book focuses on the interpretation of linguistic strategies of interaction between the sacred (the metaphysical world) and the profane (the physical world) in Polish folklore. An analysis of linguistic and ritual behaviour in the context of the origin myth reveals the use of symbolism common to many cultures of the world.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful

race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Writings 1997-2003 CCRU, 2017-04-07 Startling pulp theory-fictions, forays into cyberculture, occultural studies and popular numerics, paranoid cosmic conspiracy, and schizoid tactics for escaping the reality system recovered from the prehistoric lore of Lemurian Time Sorcery. From before the beginning (which was also, according to them, already the end), the adepts of the Architectonic Order of the Eschaton have worked tirelessly to secure the past, present, and future against the incursions of Neolemurian time-sorcery, eliminating all polytemporal activity, stitching up the future, sealing every breach and covering every

track. According to the AOE, the CCRU “does not, has not, and will never exist.” And yet... The texts collected here document the CCRU's perilous efforts to catalogue the traces of Lemurian occulture, bringing together the scattered accounts of those who had stumbled upon lagooned relics of nonhuman intelligence—a project that led ultimately to the recovery of the Numogram and the reconstruction of the principles of Lemurian time-sorcery—before disintegrating into collective schizophrenia and two decades of absolute obscurity. Meshing together fiction, number theory, voodoo, philosophy, anthropology, palate tectonics, information science, semiotics, geotraumatism, occultism, and other nameless knowledges, in these pages the incomplete evidence gathered by explorers including Burroughs, Blavatsky, Lovecraft, Jung, Barker, J.G. Ballard, William Gibson, and Octavia Butler, but also the testimony of more obscure luminaries such as Echidna Stillwell, Oskar Sarkon, and Madame Centauri, are clarified and subjected to systematic investigation, comparison, and assessment so as to gauge the real stakes of the Time-War still raging behind the collapsing façade of reality. One of the most compelling and unnerving collective research enterprises to have surfaced in the twentieth century, the real pertinence of the CCRU's work is only

now beginning to reveal itself to an unbelieving world. To plunge into the tangled mesh of these conspiracies, weird tales, numerical plagues, and suggestive coincidences is to test your sense of reality beyond the limits of reasonable tolerance—to enter the sphere of unbelief, where demonic currents prowl, where fictions make themselves real. Hyperstition.

Valda's Spire of Secrets Michael Holik, Alexander Binns, Jaron Mortimer, Matthew Pennell, Ben Huffman, Benjamin Richardson, Jason Sinclair, Justin Forkner, Benjamin Ghita, Max Wartelle, 2022-06-15 In his extraplanar tower, the devious lich Valda has started a grim collection: heroes of every stripe from across the world, petrified in marble and arranged by speciality. The mad lich has nearly cracked it: twenty-two types of adventurer and counting. Arrayed within this book is the greatest expansion of rules and character options ever brought to 5th Edition D&D. Build never-before-seen characters with new races, classes, feats and more, appropriate for any setting and any story. Whether you're the Game Master or a player looking for new options, this book is a must-have at your table. It includes: ? 5 brand new races? 59 new feats? 137 new spells? Exotic weapons and magic items? Brand new familiars

Dead Lies Dreaming Charles Stross, 2020-10-27 When magic and superpowers emerge in the masses, Wendy Deere is contracted by the government to bag and snag supervillains in Hugo Award-winning author Charles Stross' Dead Lies Dreaming: A Laundry Files Novel. As Wendy hunts down Imp—the cyberpunk head of a band calling themselves “The Lost Boys”— she is dragged into the schemes of louche billionaire Rupert de Montfort Bigge. Rupert has discovered that the sole surviving copy of the long-lost concordance to the one true Necronomicon is up for underground auction in London. He hires Imp’s sister, Eve, to procure it by any means necessary, and in the process, he encounters Wendy Deere. In a tale of corruption, assassination, thievery, and magic, Wendy Deere must navigate rotting mansions that lead to distant pasts, evil tycoons, corrupt government officials, lethal curses, and her own moral qualms in order to make it out of this chase alive. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Hitler's Bandit Hunters Philip W. Blood, 2011-03 In August 1942, Hitler directed all German state institutions to assist Heinrich Himmler, the chief of the SS and the German police, in eradicating armed resistance in the newly occupied territories of Eastern

Europe and Russia. The directive for combating banditry (Bandenbekämpfung), became the third component of the Nazi regime's three-part strategy for German national security, with genocide (Endlösung der Judenfrage, or the Final Solution of the Jewish Question) and slave labor (Erfassung, or Registration of Persons to Hard Labor) being the better-known others. An original and thought-provoking work grounded in extensive research in German archives, Hitler's Bandit Hunters focuses on this counterinsurgency campaign, the anvil of Hitler's crusade for empire. Bandenbekämpfung portrayed insurgents as political and racial bandits, criminalized to a greater degree than enemies of the state; moreover, violence against them was not constrained by the prevailing laws of warfare. Philip Blood explains how German forces embraced the Bandenbekämpfung doctrine, demonstrating the equal culpability of both the SS police forces and the heroic Waffen-SS combat arm and shattering the contrived postwar distinctions between them. He challenges the traditional view of Himmler as an armchair general and bureaucrat, exposing him as the driving force behind one of the most successful security campaigns in history, and delves into the contentious issue of the complicity of ordinary German police, soldiers, and citizens, as well

as the citizens of occupied territories, in these state-sponsored manhunts. This book provokes new debates on the Nazi terrorization of Europe, the blind acquiescence of many, and the courageous resistance of the few.

Forgotten Realms Campaign Guide Bruce R. Cordell, Ed Greenwood, Chris Sims, 2008 288 page hardcover by Bruce R. Cordell

The Universe of Babylon 5 Lawrence Whitaker, 2009-03
Bringing the universe of Babylon 5 to the Traveller system, this book is a one-stop resource for Babylon 5 fans. Combining setting information with new rules, players can learn how jump gates and hyperspace works, play Narn, Minbari or Centauri characters and explore the space station that changed the fate of an entire galaxy

Crossword Lists Anne Stibbs, 2005

Anti-War Activism Kevin Gillan, Jenny Pickerill, Frank Webster, 2008-10 Based on over 60 interviews, case studies of a full range of groups, and analysis of extensive documentary evidence, this title studies the anti-war movement since the mammoth demonstrations of February 15th 2003 that dwarfed any previous protests in British history.

Quantum of Nightmares Charles Stross,2022-01-13 It's a brave new Britain under the New Management. The Prime Minister is an eldritch god of unimaginable power. Crime is plummeting as almost every offense is punishable by death. And everywhere you look, there are people with strange powers, some of which they can control, and some, not so much. Hyperorganised and formidable, Eve Starkey defeated her boss, the louche magical adept and billionaire Rupert de Montfort Bigge, in a supernatural duel to the death. Now she's in charge of the Bigge Corporation, just in time to discover the lethal trap Rupert set for her long ago . . . Wendy Deere is investigating unauthorized supernatural shenanigans. She swore to herself she wouldn't again get entangled with Eve Starkey's bohemian brother Imp and his crew of transhuman misfits. Yeah, right. Mary Macandless has powers of her own. Right now she's pretending to be a nanny in order to kidnap the children of a pair of famous, Government-authorized adepts. These children have powers of their own, and Mary Macandless is in way

over her head. All of these stories will come together, with world-bending results... 'For all of Stross's genuine ability to spook and dismay, The Laundry Files are some of the most tremendously humane books I've ever read' Tamsyn Muir, author of Gideon the Ninth

Pulp Sonnets Tony Barnstone, 2015 Poetry. Art. Improvising on the tropes of classic pulp fiction, including genres like crime noir, horror, sci-fi, superhero, espionage, and vigilante, Tony Barnstone's audacious new poems are counterpointed by the mischievous (and blood-splattered) ink drawings of Iranian artist Amin Mansouri. At times reinventing the sonnet tradition, Barnstone's linked sequences evoke serial-format comics and cinema, as each series breaks into discrete frames propelled by action. The ancient gods and epics have been high-jacked by animations and video games, but pulp remains unconquerable—ghastly, shameless, outrageous—and fun!

Arcana of the Ancients Sean Reynolds, Bruce

Cordell, 2020-03-31

Keep on the Shadowfell Bruce R. Cordell, Mike Mearls, 2008 A guide to the role-playing game that provides information on its commands, individual campaigns, scoring, extras, tactics, and the

secrets of the multi-player mode. This adventure takes characters from 1st level to 3rd level.

Path of War Expanded Christopher Bennett, Jade

Ripley, 2016-06-09 The Path of War continues onward! Inside the pages of this tome, your options for martial characters more than double! Within Path of War Expanded you will find more maneuvers, stances, and feats for your existing martial disciples as well as a host of new options! There are new classes, archetypes, martial traditions, and even the new class template that provides a way to use a single archetype for different character classes. Path of War Expanded contains: Three new base classes, from the ill-omened harbinger, to the psychic zealot, and finally the arcane mystic who all mix supernatural elements into their martial combat styles. Nine new martial disciplines like Cursed Razor, Eternal Guardian, and Sleeping Goddess A host of archetypes for the three original classes from Path of War and the three new classes from Path of War Expanded Martial archetypes for core and psionic classes, including options for the Aegis, Dread, and Marksman classes from Ultimate Psionics Class templates, which provides archetypes that work across multiple classes Martial style feats for all the different disciplines, including those originally found in Path

of War like Iron Tortoise and Solar Wind More than a dozen new martial traditions And new and optional rules and clarifications to martial combat that will take your martial characters to a whole new level! Come and enjoy the spoils of battle with Path of War Expanded! This version of Path of War Expanded has black & white interior.
