On the hive world of Targian, Zelia Lor helps her mother search for ancient tech, digging up treasures of the past on the wind-blown plains. They are happy. They are safe. All that changes when the Necrons attack. Without warning, a host of robotic ships appear in the skies above Targian and rip the planet apart. Separated from her mother, Zelia must escape the doomed world, her only hope a scrambled transmission promising safety at a mysterious place known only as the Emperor's Seat. Launched in an escape pod, she crashes on an icy wasteland far, far from home. But Zelia is not alone. tales from Tallarn... do you really need any more convincing? Okay then. Millions of tanks clashing in desperate battle on a dying world. As the Warmaster's campaign of galactic domination continues, his generals seek out fresh battlefields to conquer. After leaving the Crone World of Iydris behind, Perturabo strikes for Tallarn. A bitter, vengeful primarch, the lord of the Iron Warriors unleashes a deadly bombardment against the world, killing millions but entrenching the survivors. A brutal, all-consuming armoured conflict ensues, the greatest of the war, and one that grinds down all combatants over more than a year of relentless battles. **Rerolling Boardgames** Douglas Brown,Esther MacCallum-Stewart,Matthew Wilhelm Kapell,2020-08-28 Despite the advent and explosion of videogames, boardgames--from fast-paced party games to intensely strategic titles--have in recent years become more numerous and more diverse in terms of genre, ethos and content. The growth of gaming events and conventions such as Essen Spiel, Gen Con and the UK Games EXPO, as well as crowdfunding through sites like Kickstarter, has diversified the evolution of game development, which is increasingly driven by fans, and boardgames provide an important glue to geek culture. In academia, boardgames are used in a practical sense to teach elements of design and game mechanics. Game studies is also recognizing the importance of expanding its focus beyond the digital. As yet, however, no collected work has explored the many different approaches emerging around the critical challenges that boardgaming represents. In this collection, game theorists analyze boardgame play and player behavior, and explore the complex interactions between the sociality, conflict, competition and cooperation that boardgames foster. Game designers discuss the opportunities boardgame system designs offer for narrative and social play. Cultural theorists discuss boardgames' complex history as both beautiful physical artifacts and special places within cultural experiences of play.

**The Emperor's Gift** Aaron Dembski-Bowden,2012-05-29 The start of a new series featuring the Grey Knight Space Marines by Aaron Dembski-Bowden A young boy is recruited into the Grey Knights, and must hone his fledgling psychic talents if he is to join the hallowed and mysterious ranks of the Space Marine daemon hunters.

With no one to trust and nowhere to turn, Gaunt must find a way to expose the conspiracy and save his men from a needless death.

**The Hunt for Vulkan** David Annandale,2016-07-19 The Adeptus Astartes carry the battle to the orks'

home world, led by a mighty armoured warrior of legend. Tearing itself apart from within, the Imperium is still virtually powerless to resist the ork advance. When the Adeptus Mechanicus reveal they have discovered the orks' point of origin, the Adeptus Astartes start to gather their forces for a massive assault on their enemy's home world. But what the Imperial forces need is a figurehead, a hero from legend to lead them – a primarch. Meanwhile, on the planet Caldera, a mighty armoured warrior fights tirelessly against the orks – is he the saviour the Imperium seeks?
