**Burnished Rows of Steel** Jeremy Davies,2016-01-05 Most who read the Declaration of Independence find three foundational liberties promised to our citizens: life, liberty, and the pursuit of happiness. An increasing number of citizens seem to be discovering the fourth: the right to alter or abolish a form of government that leads invariably to tyranny. Since leaving the military and his security contracting work behind, Dave has been preparing himself for the time when exercising the right to alter or abolish may become necessary. When he is approached on behalf of some powerful men who are prepared to risk their fortune to strike a blow against the political tyranny embodied by the president, Dave is prepared to accept the role of assassin. As he prepares to accept the mission of a lifetime, an alternate narrative begins to unfold. He struggles to discover whether the hit will be on behalf of a besieged gun maker or whether it has been orchestrated by members of the president’s own party, who feel that his death would rescue the chances of their party heading into an election. As the motive becomes clear, so does Dave’s course of action. He is caught in a race against time to thwart their plans, not for the leader of a country but for the life of a friend.

**The Broken Covenant of Calebais** Mark Rein-Hagen,Jonathan Tweet,2004-11 Fifty years ago, the covenant of Calebais was destroyed. No one knows how or why such a powerful and well-defended group of wizards could possibly fall. Now the truth behind the tragedy comes to light as you and your friends uncover this mystery. From faerie-inhabited forests to the long-abandoned ruins of a wizardly palace to the inner chambers of a secretive convent, The Broken Covenant of Calebais goes to the roots of roleplaying -- to the early days of fantasy stories -- when realism, romance, mystery, and magic were foremost in mind. This revised edition of The Broken Covenant of Calebais is the third version of the adventure to be published for Ars Magica. Calebais was the first adventure published for the First Edition of the game, and was reworked for Second Edition. Now, to coincide with the release of the game's Fifth Edition, this classic has been revised and expanded once more. Although the plot, setting, and atmosphere remain the same, the text has been almost completely rewritten to integrate this classic adventure into the newest and best version of Ars Magica.
