Beyond the Gates of Antares Rick Priestley, 2016

Damocles Ben Counter, Josh Reynolds, Guy Haley, Phil Kelly, 2015-04-21 Four novellas that focus on the events of the second Damocles Gulf Crusade Two centuries ago, the Imperium of Man and the upstart Tau Empire fought to a standstill in the Damocles Gulf. Now, as the 41st millennium draws to a close, the tau have returned. As the world of Agrellan falls under attack, the White Scars and Raven Guard rush to its defence, but with the skilled Commander Shadowsun leading the alien forces, the Space Marines and their allies are hard pressed. Kor'sarro Khan, Huntmaster of the White Scars, swears that he will win the day in the most direct way possible - by taking Shadowsun's head.

Shield of Baal Josh Reynolds, Braden Campbell, Joe Parrino, 2017-01-10 The Blood Angels Space Marines must defend their home world from the ravenous threat of the tyrannid Hive Fleet Leviathan. A tendril of Hive Fleet Leviathan has reached the Cryptus shieldworlds. The Imperium musters its strength, for the aliens must be stopped here, as next in the hive fleet's path is the home world of the Blood Angels Space Marines, Baal itself. Many are the battlefields and the price of victory is steep... On Phodia, the sons of Sanguinius give battle to the dreaded Spawn of Cryptus. At Lysios, the Adepta Sororitas and Tempestus Scions hold the line against Leviathan. Far from the fighting, Blood Angels Sergeant Jatiel finds himself pitted against another threat, the necrons of Anrakyr the Traveller who may yet have a crucial impact on the greater war.

Ragnar's Claw William King, 2003-08 These new editions of Books 2 and 3 in the King's Space Wolf saga feature stunning new cover art. Space Wolf Ragnar's missions take him on epic treks across the galaxy to face the very heart of evil. Reissue.

Wolf's Honour Lee Lightner, 2008 Following on from events in Sons of Fenris set in the nightmare future of the 41st millennium, can superhuman warrior Ragnar Blackmane redeem

his honor and rejoin his battle-brothers? This is the gripping conclusion to the Spear of Russ story arc, a popular Sace Wolf series.

The Wars of Gods and Men Zecharia Sitchin, 1992-06-01 The Earth Chronicles series, in six volumes, deals with the history and prehistory of Earth and humankind. Each book in the series, based upon information written on clay tablets by the ancient civilizations of the Near East, records the fantastic and real battles that occurred between the original creator gods over control of planet Earth. Asserting the premise that mythology is not fanciful but the repository of ancient memories, The Earth Chronicles series suggests that the Bible ought to be read literally as a historic/scientific document, and that ancient civilizations--older and greater than assumed--were the product of knowledge brought to Earth by the Anunnaki, Those Who from Heaven to Earth Came. The 12th Planet, the first book of the series, presents ancient evidence for the existence of an additional planet in the Solar System: the home planet of the Anunnaki. In confirmation of this evidence, recent data from unmanned spacecraft has led astronomers to actively search for what is being called Planet X. The subsequent volume, The Stairway to Heaven, traces man's unending search for immortality to a spaceport in the Sinai Peninsula and to the Giza pyramids, which had served as landing beacons for it--refuting the notion that these pyramids were built by human pharaohs. Recently, records by an eye-witness to a forgery of an inscription by the pharaoh Khufu inside the Great Pyramid corroborated the book's conclusions. In The Wars of Gods and Men, the third volume of his series, Zacharia Sitchin recounts events closer to our times, concluding that the Sinai spaceport was destroyed 4,000 years ago with nuclear weapons. Photographs of Earth from space clearly show evidence of such an explosion. The Wars of Gods and Men additionally embraces Canaanite, Hittite, and Hindu sources to include in these investigations the incidents of The Great

Flood, the Tower of Babel, and the upheaval of Sodom and Gomorrah. Sitchin's unique reexamination of ancient mysteries explains these past cataclysmic events in the history of humanity, opening insights into our future.

Exultant Stephen Baxter, 2004-10-26 "Baxter has an uncanny gift for mixing a punchy, cyberpunk cynicism with his resolutely hard SF story base. . . . [Exultant] rivals Asimov in its boundless vision for the future evolution of humanity."—Kirkus Reviews (starred review) For more than twenty thousand years, humans have been at war with the alien race of Xeelee. Faced with certain death, a young pilot, Pirius, disobeys orders and travels into the future. Upon his return, Pirius is court-martialed and sentenced to penal servitude. But it is not only Pirius who pays the price. In flying into the future and back again, Pirius returned to a time before he'd left, a time inhabited by his younger self, who also receives punishment. Commissary Nilis believes that the elder Pirius, whom he dubs Pirius Blue, may know how to defeat the Xeelee. But Nilis can do nothing for Pirius Blue. Instead, he takes the younger Pirius—Pirius Red—back to Earth. There Pirius Red will discover truths that shatter his preconceived notions of all that he is fighting for, while Pirius Blue will learn even harsher truths. But the most shocking revelation of all is still to come. "Absurdly ambitious, technically brilliant, and downright exciting."—SFX Magazine "Striking . . . chilling . . . [with] a triumphant conclusion."—Starburst

Blades of Damocles Phil Kelly,2017-04-04 Setting out to exterminate the upstart Tau Empire before it becomes a threat, the Ultramarines under Captain Atheus discover that the xenos

may be more of a menace than they originally believed... The Imperium of Man takes its bloody revenge upon the expansionist tau in a war of dizzying spectacle. For the first time, the daredevil warriors of the Ultramarines Assault Company go to war en masse, fighting in the skies, in the streets, and even in the prototype testing facilities of the tau Earth caste. However, Sergeants Sicarius and Numitor must overcome their hunger for glory as the brightest stars of the Tau Empire, Commanders Farsight and Shadowsun, hunt them to the brink of disaster. Tempers run short as battle-brothers fall, ammunition runs out and the course of the war takes ever-darker twists and turns. With two warrior cultures struggling for a vital edge and the body count spiralling towards a terrible conclusion, can notions of honour and duty survive at all?
