The Eye of Medusa David Guymer, 2017-11-14 The coldly methodical and unrelenting Iron Hands Space Marine Chapter clash with the cybernetic soldiers of the Adeptus Mechanicus over control of the world of Thennos. Ever since the dark days of the Great Heresy, the Iron Hands have a long and tortured history. Their years of suffering and war has left them hardened and believing in a brutal tenet: the flesh is weak. Heavily cybernetic, their flesh extensively altered, these warriors of the Imperium are more machine than man, cold in aspect as well as demeanour. Their methods of recruitment are harsh, their rituals arcane, their pride unshakable. So when a world under the protection of the Chapter falls foul of insurrection, the Iron Hands answer with fire and cold retribution. It matters not that Thennos is considered sovereign territory by the Adeptus Mechanicus - the Iron Hands' campaign is one of extermination. But there is something dark lurking within Thennos, a horror that defies the purity of cold logic and the machine, and threatens something more, something ruinous...

The Java Sea Campaign Office of Naval Intelligence United States Navy, 2013-01-20 The Java Sea Campaign is the story of the Japanese conquest of the Netherlands East Indies. Strictly speaking, the history of the United States Navy's participation in that campaign should begin with the arrival of our Asiatic Fleet in the Indies and the beginning of our active cooperation with the British and Dutch. It is difficult, however, to set a definite date for such a beginning. Several of our ships were sent into the East Indies in the latter part of November 1941, and various units of our fleet followed at intervals all through December. Moreover, the conquest of the Indies by the Japanese was merely the culmination of a single, carefully planned campaign which opened with their attack on the Philippines and Malaya. Their advance into the Dutch possessions was carefully coordinated with and dependent upon their successes in these other theatres. While our defense of the Philippines is the subject of a separate narrative (in preparation), some reference must be made to events there to explain the situation at the opening of the Java Sea Campaign. ORGANIZATION AND DISPOSITION OF OUR FLEET The United States Asiatic Fleet was something less than its title suggested.....

Red Tithe Robbie MacNiven,2017-07-25 The most brutal of Space Marines, the Carcharodons Astra, battle the Night Lords for control of the prison world of Zartak. On the prison world of Zartak, darkness has fallen on arbitrators and inmates alike. The Night Lords have come, and with them the shadow of fear and pain. But they are not the only ones with an interest in Zartak. From the void, running on silent, another fleet emerges. Its warriors are grey-clad and white-faced, and their eyes are as black as the Outer Dark – the savage Carcharodon Astra. As these two packs of ancient, merciless predators stalk the shadows of the prison colony, both seeking a single young inmate with unnatural talents, the corridors run red with blood, and both factions will have to fight tooth and claw to leave Zartak alive.
